INTRODUCTION

What is the Annual Security Report?

The Annual Security Report, mandated by the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act), informs the campus community of the reported crimes occurring within Southern Oregon University's geography in the three most recent calendar years. Data is collected from a variety of sources including Ashland Police Department, Campus Public Safety, Office of the Dean of Students, Student Support Services, University Housing, Social Justice and Equity Center, Student Life and the Title IX Coordinator.

The purpose of the Annual Security Report is to provide our incoming students and families, as well as our local community, the information and understanding needed to make informed and reasoned decisions about personal safety. Campus crime statistics and a wide range of related policies, procedures, resources, and programs at Southern Oregon University are included in this report. The Annual Fire Safety Report is also included in this report.

This report is prepared annually in compliance with the federal requirements of the Clery Act and submitted to the Department of Education. The Southern Oregon University Campus Public Safety Department prepares and publishes this report by October 1st each year with the prior calendar year's statistics. Recent amendments to the law mandate that schools receiving Financial Aid (Title IV) monies must also report specific information about fire safety issues on their campuses.

The Annual Security Report is available at <https://cps.sou.edu/clery-act-annual-security-report/> or a printed copy can be picked up during normal business hours at during regular business hours at the Office of the General Counsel Office located in Churchill Hall 1250 Siskiyou Blvd , Ashland, Oregon 97520.

All policies addressed in the Annual Security Report and the Annual Fire Safety Report apply to the Southern Oregon University Ashland Campus.

CRIME STATISTICS

Collecting and Preparing Statistics

SOU Campus Public Safety collects reports of Clery geographic reportable crimes and law violations from the Ashland Police Department, Higher Education Center (HEC) security, the Medford Police Department, Student Conduct, Office of the Dean of Students, Title IX Coordinator and other designated Campus Security Authorities. The statistics are then compiled and published in the Annual Security Report for the previous three calendar years. Statistics for the Ashland Campus are reported separately from the Medford HEC Campus. Voluntary, confidential reports from the Office of Equity Grievance / Title IX are also included. Personal identifying information is never released in the annual disclosure of crime statistics.

By October 1st of this year, an email notification is sent to all current faculty, staff, and enrolled students that notifies them of the availability of the updated Annual Security and Fire Safety Report. Free copies are available to the public during regular business hours at the Office of the General Counsel Office located in Churchill Hall 1250 Siskiyou Blvd , Ashland, Oregon 97520.

Southern Oregon University also maintains a daily crime log which is available for the public to view upon request during regular business hours at the Campus Public Safety Office located at 382 Wightman Street, Ashland, Oregon 97520.

Clery Act Reportable Crimes

The Clery Act specifies which crimes are federally required to be disclosed in the crime statistics. The crimes are listed in the table below (See Table 1). The column beside each crime indicates how the crime is counted. In the case of liquor, drug, and weapon offenses, the numbers are divided into two categories: the number of individuals who are arrested/cited and the number of individuals who could have been arrested/cited but were instead referred to student conduct for disciplinary actions.

This is not a distinction between breaking the law and not breaking the law; the numbers in both groups are the result of a violation of the law. It is an attempt to reflect the actual impact of liquor, drug, and weapon violations occurring in the campus community, even if the incident does not result in an arrest or citation. A peace officer or the district attorney may choose not to prosecute one of these offenses because there is insufficient evidence to convict; however, the University may still sanction the individual for violating the Southern Oregon University Code of Student Conduct.

Incidents should be reported to law enforcement or a person who, according to the Clery Act, is defined as a Campus Security Authority (CSA). See pages 36-38 for more detail regarding the role and responsibilities of CSAs.

Hierarchy Rule

The Hierarchy Rule requires that only the most serious offense be counted in situations where more than one offense was committed during a single incident. The charts above list the crimes in order of severity. For example, if a person committed a burglary and a murder in the course of a single act, then only the murder would be counted for Clery Act purposes. During the 2012 calendar year, hate crimes and arson were the primary exceptions to this rule. For example, if a person committed any reportable offense and, while doing so, also committed a hate crime or arson, then both incidents were reported. As of 2013, domestic violence, dating violence and stalking were added to the list of exceptions. Therefore, from 2013 to the present, domestic violence, dating violence, stalking, arson, and hate crime incidents are not subject to the Hierarchy Rule and will always be counted in the crime statistics alongside any other reportable offense committed, simultaneously.

Crime Definitions

- **Murder and Non-Negligent Manslaughter:** the willful killing of one human by another.
- **Negligent Manslaughter:** the killing of another person by gross negligence.
- ***Sex Assault Offenses:**

Note: The following four definitions apply to sex offense statistics (as of 2013 crime statistics, sex offenses are reported according to the following categories: Rape, Fondling, Statutory Rape, and Incest. The Rape definition is based on the Uniform Crime Reporting Handbook 2004 (Summary Reporting Statistics) and the remaining sex offense definitions are from the National Incident Based Reporting System Edition of the Uniform Crime Reporting Program).

 - **Rape:** penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim. This definition includes any gender of victims or perpetrators.
 - **Fondling:** the touching of the private body parts of another person for the purpose of sexual gratification without consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or temporary or permanent mental or physical incapacity.
 - **Statutory Rape:** non-forcible sexual intercourse with a person who is under the statutory age of consent.
 - **Incest:** non-forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.
- **Robbery:** the taking or attempting to take anything of value from the care, custody or control of a person or persons by force or threat of force, violence and/or by putting the victim in fear.

- **Aggravated Assault:** an unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury.
- **Burglary:** the unlawful entry of a structure to commit a felony or theft.
- **Motor Vehicle Theft:** the theft or attempted theft of a motor vehicle.
- **Arson:** any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.
- **Hate Crimes:** any of the aforementioned offenses and any other crime involving bodily injury and/or vandalism reported to local police agencies or to a Campus Public Safety Officer that manifests evidence that the victim was intentionally selected because of the perpetrator's bias.

Categories of bias are:

- Race
- Gender
- Religion
- Sexual Orientation
- Gender Identity
- Ethnicity
- National Origin
- Disability

In addition to the standard list of Clery Act reportable crimes listed above, the following crimes are also classified as Hate Crimes when there is evidence that the offense was committed with bias against a protected class, as described above:

- Larceny/Theft
- Simple Assault
- Intimidation
- Destruction/Damage or vandalism of property
- **Liquor Law Arrests and Violations:** the violation of state or local laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, or use of alcoholic beverages. This does not include driving under the influence or public drunkenness.
- **Drug Law Arrests and Violations:** the violation of state or local laws prohibiting the production, distribution, and/or use of certain controlled substances and the equipment or devices utilized in their preparation and/or use. The unlawful cultivation, manufacture, distribution, sale, purchase, use, possession, transportation, or importation of any controlled drug or narcotic substance. Arrests for violations of state and local law or ordinances, specifically those relating to the unlawful possession, sale, use, growing, manufacturing, and making of narcotic drugs.
- **Weapon Law Arrest and Violations:** the violation of state or local laws prohibiting the manufacture, sale, purchase, transportation, possession, concealment, or use of firearms, cutting instruments, explosives, incendiary devices, or other deadly weapons. This classification encompasses weapons offenses that are regulatory in nature.

**In cases where one individual is in violation of more than one weapon, drug, or liquor law violation in the same incident, only one of those law violations is included in the statistics. Weapons law violations get counted over both drug and alcohol violations. The determination to count a drug violation or an alcohol violation that occurs in the same incident is determined by the totality of the circumstances of the incident, and which violation is determined to be the more egregious.

- ***Domestic Violence:** asserted violent misdemeanor and felony offenses committed by the victim's current or former spouse, person similarly situated under domestic or family violence law, or anyone else protected under domestic or family violence law.
- ***Dating Violence:** violence by a person who has been in a romantic or intimate relationship with the victim. Whether there is such relationship will be gauged by its length, type and frequency of interaction.
- ***Stalking:** a course of conduct directed at a specific person that would cause a reasonable person to fear for their safety, or to suffer substantial emotional distress.

*Expanded definitions for Sexual Assault, Domestic Violence, Dating Violence, and Stalking found on page 68.

Geographic Areas

Crime Statistics are divided into groups by the type of crime being reported and the location where the incident occurred.

- **On-Campus** – This area includes any building or property owned or controlled by Southern Oregon University within the same reasonably contiguous geographic area and used by Southern Oregon University in direct support of, or in a manner related to Southern Oregon University's educational purposes, including residence halls. This category also includes any building or property that is within or reasonably contiguous to the area described above, that is owned by Southern Oregon University but controlled by another person/entity, is frequently used by students, and supports institutional purposes (such as a food or other retail vendor).
- **Residential Facilities** – This area can be described as any building or structure that is owned or controlled by the university and used by students as a dwelling. This category includes residence halls and other student housing located on campus.
- **Non-campus** – This area includes off-campus property that is owned or controlled by the university if it meets the following criteria: is used in direct support of or in relation to the university's educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the university. Examples may include rented classrooms, rented offices, off-campus research stations, and other buildings and facilities.
- **Public Property** – This area can be described as public streets/sidewalks that run through campus or form the border of campus. Perimeter streets are described in the following way: "Sidewalk – Street – Sidewalk." This means that a reportable crime occurring on the sidewalk on either side of a perimeter street is reportable as an incident occurring in the street. An incident occurring in a building (a privately-owned property) on the distant side of a perimeter street would not be included.

Counting Considerations

Each of the following five standards must be met for an incident to be counted in the annual report:

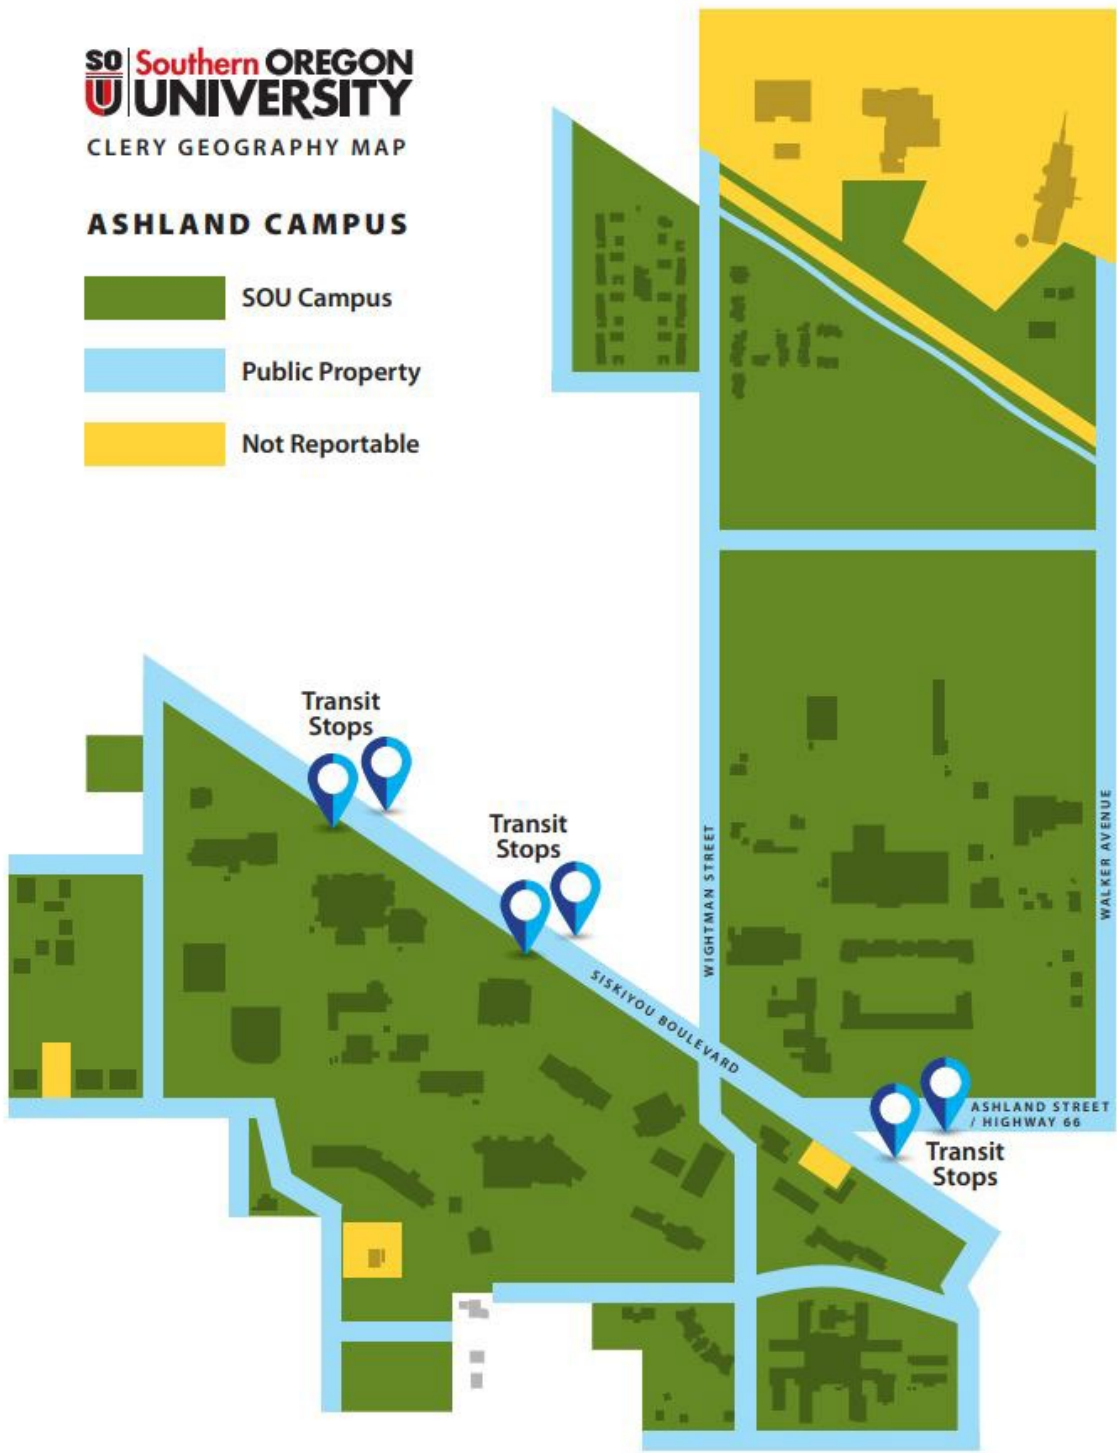

1. **Reported to the Proper Authorities** – The incident must be reported to law enforcement or a person who, according to the Clery Act, is defined as a Campus Security Authority. The term is applied to any person who works for the university in a paid or volunteer status and has significant responsibility for student activities. Some examples include faculty/staff advisors to student organizations, resident assistants, coaches for University Athletics, and persons who perform security or access control functions.
2. **Reportable Crimes** – The crime reported must be one of those defined in the Clery Act as a reportable crime. See the reportable crimes hierarchy table (Table 1) on page 8-9.
3. **Reportable Area** – The crime must have occurred in one of the Clery Act reportable areas. These areas include On-Campus, Residential Facilities, Non-campus, and Public Property.
4. **Made in Good Faith** – For an incident to be included, there must be a determination that the report is made in good faith. Crimes can be reported by the victim, the accused, a witness, or a third party. When the incident is reported through a law enforcement agency, the assumption is that this determination has already been made.
5. **Unfounded** – If, in the case of a particular incident, law enforcement determines that the incident could not have occurred or did not occur (i.e., false report), the crime would not be included in the annual report. However, beginning with calendar year 2014, we will now be reporting in our statistics the number of unfounded Clery Act crimes.

Campus Jurisdiction

As stated in the SOU Code of Student Conduct, the university jurisdiction related to student conduct includes on and off campus behavior. Primary concerns will be related to conduct that occurs on university premises or which impacts the university community and/or the pursuit of its objectives. The term “university premises” includes all land, buildings, facilities, and other property in the possession of or owned, used or controlled by the university, and/or university sponsored or controlled events, including online learning environments.

Participants in overseas and off-campus programs are expected to act in accordance with university rules and regulations, and assume added responsibility to the group and to the laws and regulations of the host location or country.

In 2023, SOU updated the process for reporting potential liquor law violations and now requires that CPS be contacted for all potential liquor law violations. This accounts for the increased count from 2022 to 2023

*The Medford campus had **NO** hate crimes reported for the calendar years of **2023, 2022, and 2021**.

CAMPUS SAFETY IS A SHARED RESPONSIBILITY

No university campus or community is completely risk free. Each person must contribute to fostering a safe learning environment by using common precautions and practicing crime prevention. These measures help reduce vulnerability, as well as opportunities for criminal activity on campus.

Campus safety at Southern Oregon University involves students, faculty, and staff. Southern Oregon University desires to create and promote an open and inclusive environment that encourages learning and freedom among all who attend or visit the university. Safety is an important part of the educational and occupational experience.

If you see or suspect a crime in progress, within the campus boundaries or adjacent properties, report it immediately to Campus Public Safety at 541-552-6911 or 9-1-1 for emergencies. Everyone needs to be an active member of our campus community to report crimes and point out safety concerns to the appropriate departments or agencies. It is our collective responsibility in helping to keep our campus crime free. Whether a victim or bystander, everyone can play an important role in keeping our community safer.

SOU Cares Reports

Any general issue of concern at Southern Oregon University (SOU) can be reported through SOU Cares Reports. The Cares Report informs the Office of the Dean of Students and the Student Support Network (SSN) about students who may benefit from extra resources, support, or intervention. Individuals are encouraged to submit a Cares Report when intervention is required or simply when there is concern for a student.

Areas of concern for SOU Cares Reports may include:

- Mental health or emotional issues
- Academic performance
- Family concerns
- Relationship issues
- Personal illness or injury
- Alcohol or other drug use
- Academic integrity
- Distressing, disruptive or threatening behavior
- Hate and/or bias-related incident
- Crime victim

A completed SOU Cares Report is immediately sent to the Office of the Dean of Students for initial evaluation. Students who exhibit distressing or disturbing behavior that significantly impacts the university community may be referred to the Student Support Network. The Student Support Network is a behavioral intervention team that coordinates the organized university response to behavior that constitutes potential risk of harm to self or others. Behavior that merits such response includes on and off campus coordination and referral.

SOU Cares reports are available to SOU students, faculty, staff, and community members at the “Online” section of the SOU portal (InsideSOU) and can be accessed by going to: https://cm.maxient.com/reportingform.php?SouthernOregonUniv&layout_id=4. Concerned family members should call the Office of the Dean of Students (541-552-6221). The Office of the Dean of Students is located in the Stevenson Union, Suite 321.

Equity Grievance Report

In addition to the SOU Cares Report, individuals can also submit an online report to the Equity Grievance Office. This report can be found online at [Equity Grievance Office - Discrimination, Harassment & Sexual Misconduct Reporting Form \(maxient.com\)](#).

The [Office of Equity Grievance & Title IX](#) responds to and manages reports concerning sexual harassment, sexual assault, sexual exploitation, dating violence, domestic violence, stalking, retaliation, and harassment and discrimination based on a protected class, under SOU's [Equal Opportunity, Harassment, and Sexual Misconduct Policy](#).

Individuals should submit this online form to report concerns directly to the Office of Equity Grievance & Title IX. An Equity Grievance team member will then contact the individual who has been impacted to provide information about reporting options, SOU's process, supportive measures, and confidential resources. The impacted individual can choose whether to meet with the Office's team member.

LAW ENFORCEMENT RESOURCES AND AUTHORITY

Ashland, OR Campus

On the Southern Oregon University-Ashland campus, law enforcement services are provided by the Ashland Police Department (APD), the Jackson County Sheriff's Office (JCSO), and SOU Campus Public Safety (CPS). SOU does not have a Memorandum of Understanding (MOU) or other written agreement with outside police agencies, but has a strong collaborative working relationship with state and local law enforcement.

Ashland Police Department Officers and Jackson County Sheriff's Deputies have complete police authority to apprehend and arrest anyone involved in illegal acts on campus, and enforce all municipal, state, and federal statutes. If minor offenses involving university rules and regulations are committed by a student, law enforcement agencies may also choose to refer the individual to the Office of the Dean of Students.

Officers of Campus Public Safety have the authority to ask persons for identification and to determine whether individuals have a lawful presence on Southern Oregon University property. They have the authority to enforce Southern Oregon University policies, as well as municipal and state laws. Campus

Public Safety Officers have probable cause arrest authority under Oregon state law and the authority to write citations under Ashland Municipal Code. Campus Public Safety has the authority to trespass individuals from property owned and operated by Southern Oregon University. Campus Public Safety may also choose to refer individuals to the Office of the Dean of Students.

Officers with Campus Public Safety carry the following tools on their person to aid in their professional duties: handcuffs, expandable baton, Oleoresin Capsicum (OC) spray, portable radio, body camera, and flashlight. Campus Public Safety officers are non-sworn and do not carry firearms in the performance of their duties.

The Ashland Police Department responds along with Campus Public Safety to all serious criminal matters on campus and has full authority and jurisdiction.

All criminal offenses are reported to Campus Public Safety and the Ashland Police Department. The prosecution of all criminal offenses (both Felony and Misdemeanor), are conducted at either the Ashland Municipal Court or the Jackson County Circuit Court. Violation offenses within the municipality are conducted at the Ashland Municipal Court.

SOU Campus Public Safety personnel work closely with local, state, and federal law enforcement agencies and have direct radio communications with the Ashland Police Department and Jackson County Sheriff's Office on the emergency communications radio network.

Campus Public Safety patrols the Ashland campus, which generally ranges from East Main Street on the north, Walker Avenue on the east, Mountain Avenue on the west, and Oregon Street on the south. Certain portions of the university's owned or controlled property may extend beyond these boundaries and other portions of the property within these boundaries are not owned or controlled by the university. A map of the Ashland campus is available at <https://inside.sou.edu/home/map.html>.

SOU does not have any officially recognized student organizations with off-campus facilities.

SOU Higher Education Center (HEC) in Medford, OR

On the Southern Oregon University/Rogue Community College Higher Education Center-Medford campus, law enforcement services are provided by the Medford Police Department (MPD) and the Jackson County Sheriff's Office (JCSO). A contracted security company is hired to patrol the campus and report any criminal offenses or violations to the Medford Police Department. The contracted security company personnel are unarmed, non-sworn personnel.

Medford Police Department officers and Jackson County Sheriff's Office deputies have complete police authority to apprehend and arrest anyone involved in illegal acts on campus, and enforce all municipal, state, and federal statutes. If minor offenses involving university rules and regulations are committed by a student, law enforcement agencies or contracted security personnel may also choose to refer the individual to the Office of the Dean of Students. Since the Higher Education Center is a

shared community of SOU and RCC students, the student in violation will be referred to the Office of the Dean of Students at the institution to which they are associated.

The Higher Education Center is considered a separate campus for Clery Act reporting purposes.

UNIVERSITY SECURITY SAFETY POLICIES, PROCEDURES AND PROGRAMS

The following section of this report provides information about various security and safety related issues for people who live, study, work, or visit Southern Oregon University. These policies, including those regarding residential facilities, apply to Southern Oregon University Ashland Campus and the SOU Higher Education Center in Medford, unless otherwise specified below.

When employees do not feel comfortable discussing a matter directly with campus management or SOU Internal Audit, anonymous reporting can be made through the EthicsPoint toll free hotline at (855) 375-6776 or online at <https://secure.ethicspoint.com/domain/media/en/gui/44151/index.html>. If the anonymous allegation concerns a Clery Act crime, the matter will be reported to the appropriate authority for investigation and reporting to Campus Public Safety for inclusion in SOU's Clery Act statistics.

REPORTING CRIMES OF DATING VIOLENCE, DOMESTIC VIOLENCE, STALKING, OR SEXUAL VIOLENCE

Incidents of Sexual Harassment or Sexual Violence

It is the University's obligation to take reasonable steps to eliminate sexual violence and harassment, prevent its recurrence, and address its effects. In every instance, the University will seek to honor a complainant's desired response and will take reasonable steps to respond in the manner consistent with such requests. However, once a formal complaint is submitted to the Equity Grievance Office, the University does not have the ability to guarantee that personal information or the details of reports will continue to remain completely confidential. It is recommended that anyone with questions, concerns, or a desire to report an incident of sexual violence contact the Equity Grievance Office at (541)-552-7079. Reporting parties who wish to discuss an incident while maintaining confidentiality may do so with a Confidential Resource (as listed above).

All other state employees, including students working as resident assistants, faculty advisors to student groups, and athletic coaches, who learn of allegations of sexual harassment or sexual violence must immediately report such information to the Equity Grievance Office at (541) 552-7079 and/or law enforcement authority, so the appropriate next steps can be taken.

Campus Reporting Options

Through SOU's Equal Opportunity, Harassment, and Sexual Misconduct Policy, there are multiple ways of reporting allegations of sexual harassment, dating or domestic violence, stalking and interpersonal misconduct:

Anonymous Reporting at SOU

Anyone can submit an anonymous report using the Southern Oregon University's Sexual Misconduct and Equal Opportunity Form located at: "[Equity Grievance Office - Discrimination, Harassment & Sexual Misconduct Reporting Form](#)". You can also meet with a Confidential Resource without giving identifying information. Anonymous reports give individuals the opportunity to provide any information they wish about allegations of misconduct assault and allow complainants to maintain confidentiality. At any time, individuals can decide to make a report to the University including their identity, and may decide to file a formal complaint.

Anonymous Reporting Directly to Law Enforcement at the Ashland Police Department: [The You Have Options Program](#)

The Ashland Police Department (APD) victim/survivor-centered sexual assault response and reporting program, provides an online reporting form that gives you the option to make an anonymous report. The You Have Options Program focuses on changing two fundamental

elements in the law enforcement response to sexual violence: 1) Increasing the number of victims who report to law enforcement, and 2) thoroughly investigating identified offenders for serial perpetration. Law enforcement agencies participating in the You Have Options Program recognize the need for a victim-centered and offender-focused response to sexual violence. The traditional law enforcement response to sexual violence tends to discourage sexual assault victims from seeking assistance through the criminal justice system. As a result, law enforcement often does not receive the information necessary to hold sexual offenders accountable and those offenders go on to victimize others. By addressing the barriers victims face when reporting sexual assault, and thereby increasing the number of sexual assault reports, the You Have Options Program provides investigators information they would otherwise never have received. For more information visit: <http://www.reportingoptions.org/>. The website provides comprehensive information about reporting options, frequently asked questions about sexual assault reporting and local resources for victims/survivors of sexual assault.

<https://inside.sou.edu/ssi/sou-title-ix-coordinator-and-deputy-coordinators-for-faculty-and-students.html>. Southern Oregon University must respond to any report received by the University.

Medical Assistance and Evidence Preservation

If you are the victim of sexual assault, a free sexual assault exam is available within 7 days of an assault at any Jackson County hospital. At the hospital, you will be given a private room after checking in. A specially trained Sexual Assault Nurse Examiner (SANE) will be called and a confidential, community-based advocate will also be available. You can receive a medical screening, sexually transmitted infections medications, emergency contraception, and evidence collection even if you do not want to report to law enforcement. A SANE will discuss options for medical care, reporting options, and follow up services. You are in complete control of what happens during the exam. All services are free, unless you need medical attention, and you will not be asked for insurance information.

A SANE can also respectfully and privately collect evidence in the event you choose to submit a criminal report. It is important that a victim of sexual assault not bathe, douche, smoke, change clothing, or clean the bed/linen/area where the assault occurred, if the offense occurred within the past 120 hours. This is to ensure the preservation of evidence to assist in proving the alleged criminal offense occurred, or is occurring, and may be helpful in obtaining a protection order. In circumstances of sexual assault, if victims do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted diseases. Victims of sexual assault, domestic violence, stalking, and dating violence are encouraged to also preserve evidence by saving text messages, instant messages, social networking pages, and other communications, as well as retain pictures, logs or other copies of documents, if they have any, that would be useful to University hearing boards/investigators or police.

As time passes, evidence may dissipate or become lost or unavailable, thereby making investigation, possible prosecution, student conduct proceedings, and/or obtaining protection from abuse orders related to the incident more difficult. If a victim chooses not to make a complaint regarding an incident, they nevertheless should consider speaking with Campus Public Safety, or other law enforcement to preserve evidence in the event the victim decides to report the incident to law enforcement or the University at a later date. Doing so may assist in proving the alleged criminal offense occurred and/or may be helpful in obtaining a protection order.

CAMPUS SECURITY AUTHORITIES

While the University encourages all campus community members to promptly report all crimes and other emergencies directly to SOU Campus Public Safety, we also recognize that some may prefer to report to other individuals or University offices. The Clery Act recognizes certain University officials and offices as “Campus Security Authorities” (CSAs). The Clery Act defines these individuals, among other individuals, as “An official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline, and campus judicial proceedings. An official is defined as a person who has the authority and the duty to take action or respond to particular issues on behalf of the institution.”

While the university has identified dozens of individuals as CSAs, we officially designate the following offices as places where campus community members should report crimes:

- Campus Public Safety – 382 Wightman St. Ashland, OR 97520. (541) 552-6911
- The Office of Equity Grievance - (541) 552-7079
- The Office of the Dean of Students - (541) 552-6221

The accurate reporting of crimes helps keep the community informed and ensures institutional compliance with state and federal law. Anyone who experiences or witnesses a crime or prohibited conduct is encouraged to make a voluntary, official report to a University CSA or to the police. No personal identifying information will be included in the annual report of crime statistics or any publicly-available records, and the University will endeavor to keep the details of the prohibited conduct and the involved parties private.

“Campus Security Authority” Defined

As defined by the Clery Act, a federal law codified in 34 CFR § 668.46, a Campus Security Authority (CSA) is: (1) A campus police department or a campus security department of an institution; (2) any individual or individuals who have responsibility for campus security but who do not constitute a campus police department or a campus security department under part (1) of this definition, such as an individual who is responsible for monitoring entrances into institutional property; (3) any individual or organization specified in an institution's statement of campus security policy as an individual or organization to which students and employees should report criminal offenses; (4) an official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline, faculty and staff advisors to student clubs and organizations, and campus judicial proceedings. If such an official is a pastoral or professional counselor, the official is not considered a Campus Security Authority when acting as a pastoral or professional counselor.

If you have questions about whether your position or job functions meet the definition of a CSA, please contact the university's Equity Grievance Office at (541) 552-7079 for additional information.

When a CSA becomes aware of an incident that involves an ongoing or imminent threat to the community that might require a Timely Warning or Emergency Notification to be distributed, the CSA should call 9-1-1 or 541-552-6911, immediately or as soon as practicably possible.

SOU CSAs

The following list denotes the positions or organizations at SOU that have been identified as meeting the federal definition of a Campus Security Authority for the purposes of Timely Warning notifications and the annual statistical disclosure. In furtherance of these duties, each is required to complete training regarding their CSA Clery Act responsibilities.

The list is intended to be comprehensive, but certain positions may not be specifically listed.

- Campus Public Safety officers
- The Title IX Coordinator
- Equity Grievance/Title IX Office professional staff
- The Dean of Students
- The Associate Dean of Students
- The Director of Student Belonging and Engagement
- The Belonging and Engagement staff
- The Director of Student Housing and Housing professional staff
- Resident Assistants
- The Athletics Director
- The Assistant Athletics Directors

- Athletics Coaches and Trainers, including assistant coaches
- Faculty and Staff serving in a role as Advisor(s) to Student Clubs and Organizations

Persons Exempt from reporting Clery-Reportable Crimes

The Clery Act specifically excludes the following persons from Clery reporting requirements when the person is operating in the course and scope of their license:

- Pastoral Counselor – a person who is associated with a religious order or denomination and is recognized by that religious order or denomination as someone who provides confidential counseling within the scope of their position as a pastoral counselor.
- Professional Counselor – a person whose official responsibilities include providing mental health counseling to members of the institution's community and who is functioning within the scope of his or her license or certification.

Pastoral and professional counselors who learn about Clery-reportable crimes in the performance of their official duties are not required to report these crimes to the Clery Compliance Coordinator for inclusion in the annual security report or for the purposes of a Timely Warning. There is no specific University policy requiring pastoral and professional counselors to encourage victims of crimes to make an anonymous report for inclusion in compiling Clery Act statistics.

Reporting Crimes in Compliance with Federal and State Law

Campus Security Authorities have reporting responsibilities under both federal and state laws. The University expects CSAs to be familiar with their obligations and to comply with these federal and state laws. The following pages provide greater detail about these legal obligations. CSAs are encouraged to review the actual laws for additional information and guidance. CSA reporting obligations can be found at: <https://www.govinfo.gov/content/pkg/CFR-2018-title34-vol3/pdf/CFR-2018-title34-vol3-sec668-46.pdf>. Federal Law – Clery Act CSA's (34 CFR 668.46 (c))

Any CSA who becomes aware of a Clery-reportable crime, as noted below, that occurred on the SOU campus or property owned or controlled by the University (including off-site facilities and locations of short-term control, such as the rental of a room during a University sponsored trip) must report the incident to Campus Public Safety, the Office of the Dean of Students, and/or the Director of Equity Grievance/Title IX Coordinator for the purpose of statistical reporting. The Clery Compliance Coordinator can be reached by email at clerycoordinator@sou.edu for any questions regarding reporting requirements.

The Clery reportable crimes are:

- Murder/Manslaughter
- Rape
- Statutory Rape

- Incest
- Fondling
- Robbery
- Aggravated Assault
- Domestic Violence
- Dating Violence
- Burglary
- Motor Vehicle Theft
- Arson
- Stalking
- Hate Crimes
- Alcohol Law Violations
- Drug Law Violations
- Weapons Law Violations

There is no specified time frame for reporting occurrences for compliance with the Clery Act. However, the University encourages individuals to report occurrences as soon as possible to ensure it is promptly logged and, to the extent possible, appropriate supports and responses are provided to those involved.

A crime is “reported” when it is brought to the attention of a Campus Security Authority or local law enforcement personnel by a victim, witness, other third party, or even the offender. It does not matter whether or not the individuals involved in the crime or reporting the crime are associated with the institution. What must be disclosed are statistics from reports of alleged criminal incidents. It is not necessary for the crime to have been investigated by the police, nor must a finding of guilt or responsibility be made to disclose the statistic. Unless the CSA has a job function at the University to conduct investigations, the CSA is not expected to investigate to comply with the Clery Act. A CSA should determine if anyone is in immediate danger or in need of medical attention. A CSA’s reporting obligation for compliance with the Clery Act is limited to: what type of crime occurred, where did it occur, when did it occur, and whether the crime involved violence (in which case notification to law enforcement is required).

It is also not a CSA’s responsibility to convince a victim to contact law enforcement if the victim chooses not to do so. It is important to contact the Clery Compliance Coordinator as soon as practicably possible so that a determination can be made as to whether it will be necessary or advisable to send an Immediate Notification or Timely Warning (see pages 40-47) about the crime. CSAs – other

than those whose University function is to conduct investigations – are not expected to investigate what has been told to them. For purposes of Clery compliance, a CSA does not need to provide the names of the involved persons to the Clery Compliance Coordinator.

Include the following information when notifying the Clery Compliance Coordinator about a Clery-reportable crime.

- Type of crime (preferably with sufficient information to properly classify the incident)
- The location of the incident (as specific as possible)
- The date and time of the incident
- The date and time the incident was reported to the CSA

INCIDENT OF BIAS

What is a Bias Incident?

A bias incident is an action in which an individual demonstrates prejudice or judgment toward another due to that person's status but does not rise to the level of a crime. Bias incidents involve actions committed against a person or property that are consciously or unconsciously motivated by the bias against race, religion, sexual orientation, ethnicity, national origin, ancestry, gender, gender identity or expression, age, or disability.

How to Report

Individuals can submit an SOU Cares Report (explained above) and select the 'Hate/Bias Report' type. SOU Cares Reports may be filled out anonymously. You may also submit a report through Southern Oregon University's Sexual Misconduct and Equal Opportunity Form located at: [Equity Grievance Office - Discrimination, Harassment & Sexual Misconduct Reporting Form \(maxient.com\)](https://maxient.com/EquityGrievanceOffice-Discrimination,Harassment&SexualMisconductReportingForm).

A report of bias will be directed to the Director of Equity Grievance/Title IX Coordinator who will then assess the report, conduct outreach to the Party, and then oversee University response. Additionally, reporting parties can seek assistance through a Confidential Resource. We recognize that incidents related to diversity and inclusion can be complicated and complex. Even if students are not sure if what they have experienced is bias, we encourage them to submit reports or talk to a Confidential Resource. In case of a life-threatening emergency, always call 9-1-1 first. For non-emergent campus reports, we urge folks to contact Campus Public Safety at 541-552-6911.

ACCURATE AND TIMELY REPORTING OF CRIMES

Southern Oregon University has a responsibility to inform the campus community about crimes that pose a serious or continuing threat to safety.

Students, faculty, and staff of Southern Oregon University are encouraged to report such crimes or incidents to Campus Public Safety by calling 9-1-1 (for emergencies) or (541) 552-6911 (non-emergency line) at the earliest possible moment to allow Campus Public Safety to assess the crime for a Timely Warning Notice or an Emergency Notification.

Delaying the reporting of such incidents may prevent Campus Public Safety from making a Timely Warning or Emergency Notification to the campus community in accordance with the requirements established by the Clery Act. Additionally, crimes that are reported are included in the annual statistical disclosure, when appropriate.

Mass and Timely Notification Procedures

The Higher Education Opportunity Act (Public Law 110-315), finalized in 2009, reauthorized and expanded the Higher Education Act of 1965 and amended the mandatory Clery Act reporting requirement. The federal law requires all colleges and universities to have a notification and warning plan in place to alert the campus community of an emergency.

Section 668.46 (e) of the Federal Register states: If there is an immediate threat to the health or safety of students or employees occurring on campus, as described in paragraph (g)(1) of this section, an institution must follow its emergency notification procedures. An institution that follows its emergency notification procedures is not required to issue a timely warning based on the same circumstances; however, the institution must provide adequate follow-up information to the community as needed.

Objectives

To communicate with the campus community about a crime that occurred, is occurring, and/or is considered to represent a serious or continuing threat to the campus. To provide a timely mass notification warning/information to all students, faculty, and staff of a threat (occurring or imminent) that poses an **immediate** risk to their health, safety, or general welfare while on campus. To communicate with the campus advising of an event which occurred on or near campus property; these do not pose an immediate threat to life or safety, but are of a nature where a timely warning or instructions may directly affect the well-being of the recipients.

General Facts

The term “SOU Alert” refers to the mass notification system used by SOU for Emergency Notification Alerts and other important information. Both students and employees are automatically registered for the SOU Alert system. Students will receive a message by email using their SOU student email account and a voice message to the phone number they provided with their mailing address at registration. Employees will receive a message to their SOU employee email account and a voice message to their work extension phone. In addition, students and employees are strongly advised to update and customize their SOU Alert profile settings by adding additional email addresses or phone numbers and/or signing up to receive text message alerts. Students and employees can access their

“SOU Alerts Profile” from their Apps dashboard by logging into Okta through the InsideSOU homepage.

Scope

The authorization governing use of SOU Alert resides with Campus Public Safety or designee as delegated by the President. The use of SOU Alert is at their discretion during emergency events. SOU Emergency Notification Alerts will be sent to all individuals in the SOU Alert database including students, staff, faculty, and individuals requesting notifications such as local police, local fire, and private businesses on campus.

Clery Reportable Crimes for Timely Warnings

The following categories are considered reportable crimes by the Clery Act:

- Homicide
- Manslaughter
- Forcible and Non-Forcible Sex Offenses
- Robbery
- Aggravated Assault
- Burglary
- Motor Vehicle Theft
- Arson
- Liquor Law Violations
- Drug Law Violations
- Weapon Law Violations
- Hate Crimes (including the following if determined to be classified as bias related)
 - Theft
 - Simple Assault
 - Intimidation
 - Destruction/Vandalism of Property

Depending on the nature of the crime, they may be viewed as an immediate threat and reported via an SOU Emergency Notification Alert, sent as a timely warning, or reported in the CPS crime log.

Emergency Alert Notifications

Emergency Situations are events (anticipated or unexpected) that threaten life or safety, and require immediate action. An Immediate Threat is an event that poses a significant emergency or dangerous situation involving an imminent or impending threat to the health or safety of students or employees occurring on campus. Students, faculty, and staff of Southern Oregon University are encouraged to report such emergencies to Campus Public Safety by calling 9-1-1 (for emergencies) or (541) 552-6911 (non-emergency line) at the earliest possible moment to allow Campus Public Safety to assess and act on any necessary Emergency Notification.

As required by federal law (20 U.S.C. § 1092(f)), SOU will immediately create and issue an Emergency Notification to the University community (or a subset of the community) upon confirmation of any Immediate Threat.

Multiple methods may be used to send an SOU Alert Emergency Notification and any follow-up messages. Any of the following methods may be used, and the means may change as the situation progresses:

- SOU Emergency Notification Alert mass notification system via phone, email and/or text message
- SOU website at <https://sou.edu/> or <https://inside.sou.edu/>
- Campus & local newspapers
- Twitter, Instagram, and other social media (@souashland)
- SOU email notification

First responders may include staff from SOU Campus Public Safety, Ashland Police Department, Ashland Fire Department, or other professional emergency and first responders. An SOU Alert message will be sent, unless in the professional judgment of responsible authorities, the issuance of the notification will compromise efforts to assist a victim or contain, respond to, or otherwise mitigate the emergency. The content of the message will vary depending on the situation. The nature and location of the incident can determine the division or unit that develops the content, which typically includes the incident time, location, type, and recommended actions for safety. If the telephone notification system is activated, an automated voice message will be sent to the telephone number that SOU faculty, staff, and students have registered in the SOU directory. If the SMS (text) and email notification system is activated, the message will be sent to mobile phones and SOU email accounts.

After an emergency – such as a fire or earthquake – local telephone lines may have reduced capacity. Do not make calls immediately after an emergency, unless it is to report a life-safety situation. This is necessary so that lines remain available for emergency services. One way to stay in contact with your relatives after an emergency is to call an out-of-area telephone contact and ask them to contact your relatives and friends to let them know your status.

Timely Warnings

These are notifications that are sent to the campus community advising of event(s) that have occurred on the campus property or advising of event(s) occurring near the campus. The event(s) do not pose an immediate threat to life or safety, but are of a nature where warnings or instructions may directly affect the well-being of the recipients. Timely warnings are meant to provide information to make SOU's community aware of an ongoing threat or risk, aid in the prevention of similar crimes, and provide safety tips. These notifications usually occur as an all-campus email and should be issued as soon as the pertinent information is available.

Alert Levels

Depending on the nature, severity, location, and/or duration of an incident or threat, one of the following Alert Levels is selected:

- **SOU Emergency Notification Alert:** A situation which requires the immediate activation of ALL primary delivery groups and via ALL modes of delivery. Example: Confirmed armed intruder on campus.
- **Partial Activation of SOU Alert:** A situation which requires use of only certain, selected primary delivery groups via all modes of delivery. Example: Activation of the Crisis Management Team.
- **Timely Warning:** A situation, which is not a warning of an immediate threat, but rather a dissemination of information in a timely manner. These are communicated via an all-campus email, and should include information around the safety alert and include safety tips, pertinent websites, and phone numbers.
- **Public Service Announcement:** The distribution of information which serves to promote safety and a culture of preparedness by raising awareness. These are done via email. Example: How to respond in an earthquake.
- **Post Event Message:** Information summarizing previous alert or message. These may come from CPS or administration. Example: Email detailing findings of police investigation and safety tips.
- **All Clear Message:** Announcing threat is over.

Assumptions

In order to plan for and consider the effectiveness of the SOU Alert system, one must take into account several planning assumptions:

- Most emergencies requiring activation of the SOU Emergency Notification Alert will be “no notice.” This means that there is a potential immediate threat to health or safety.
- No one method of communication will reach everyone, everywhere, or be received every time. Taking into account communication impairments, utilization of numerous and varied communication methods is required.
- Even with numerous and various communication methods, you can never guarantee 100% delivery.
- Due to limitations beyond the University’s control, a small portion of the intended audience may receive their emergency messages in a later timeframe than desired.
- Despite best efforts, errant information may still be generated and distributed by alternate means of communication (i.e., word of mouth, social networking, etc.). This requires SOU Alert messages to be clear, concise, and accurate.
- Language barriers, such as with international students, can result in misunderstood messages.
- Emergency messages must be identifiable as “official” SOU Alert messages.
- An ongoing educational campaign is required to introduce the system to every person on campus, as well as normalize its use during emergencies.

Access Control

SOU has a small group of administrators who are authorized to have alerts sent by the mass notification system SOU Alert.

- University President
- Executive Vice President and Provost
- Vice President of Finance and Administration
- Vice President for University Advancement
- General Counsel
- Director of Campus Public Safety
- Campus Public Safety Sergeant
- Director of Community Relations
- On-Duty Campus Public Safety Officer
- Chief Information Officer (or designee)
- SOU Alert Designated User

Testing SOU Alert

Regular testing of the SOU Alert system is required to ensure functionality and to familiarize recipients with the system's features. All tests will be evaluated, and corrective action recommendations developed, as necessary. This application will be tested annually. Testing of SOU Alert is usually announced. Each scripted test email message will include a link to add additional information to SOU Alert. Upon completion of testing, the result data is assessed. The SOU Alert Super User will send out an email to recipients who had incorrect/invalid phone numbers. This email will ask the recipients to update their SOU Alert information and provide them instructions on how to log on and update their information.

SOU will keep records of each test for seven (7) years, which include:

- A description of the test
- Date test was held
- Time the test started and ended
- If the test was announced or unannounced

User Training

All users of this system will attend quarterly training given by the SOU Alert Super User. New employees who will have access to SOU Alert will receive initial training and a copy of the SOU Alert system procedure.

Procedures

Below is a summary of the steps taken to initiate an SOU Emergency Notification Alert or Timely Warning. The table on page 48 shows scenarios and possible modes of information dissemination to the campus.

Immediate Threat

1. **SOU Emergency Notification Alerts shall be activated by or at the request of CPS as soon as they have confirmed there is an immediate threat present.** In the event of a public health emergency, the La Clinica Student Health and Wellness Center at SOU will advise CPS if there is a need to send out an SOU Emergency Notification Alert, or a timely warning message. Possible unexpected emergencies which would activate SOU Emergency Notification Alerts include but are not limited to:
 - Armed intruder or hostage situations
 - Bomb threats or other imminent violent threats
 - Building evacuations or lockdown
 - Natural disaster, such as earthquakes or severe storms
 - Power utility failure
 - Emergency police activity on campus
2. CPS will take the following steps to verify an immediate threat exists in the absence of an obvious event (i.e., earthquake). In the event of a manmade event, CPS officers will respond to the area and investigate. They will immediately contact the CPS Director and report their findings. If the CPS Director assesses there is an immediate threat to the health and safety of the campus, they will initiate an SOU Emergency Notification Alert to be sent to all recipients without delay.
 - If the CPS Director is not immediately available, CPS will contact the CPS Sergeant. If the Sergeant is not immediately available, CPS will contact a member of the President's Cabinet (Vice President for Finance and Administration or Provost). This cabinet member will order an SOU Alert to be sent, if needed.
 - If during the event, the exact nature of the event is not known, but it is determined to be a potentially dangerous situation (i.e., emergency police activity on campus), the Police Activity SOU Emergency Notification Alert message may be initiated.
3. In order to facilitate SOU Emergency Notification Alerts being sent without delay, the Public Information Officer (PIO) has created messages for a variety of situations, which have been preapproved.
 - Choose one of the pre-written messages loaded into SOU Alert. If there isn't a specific one, write one for the event.
 - Review message to see if any information needs to be added (identified by []).
 - Record message for voicemail.
 - Send message to all recipients in database by phone, email, text message, and social media networks.
4. Follow-up communications will be sent by the University as more information is obtained.
5. When the event is over, an "All Clear Message" will be sent via SOU Alert and then followed with an informational email summarizing the event including crime, specific safety tips, and contact numbers/websites.
6. The following are exceptions where SOU may not provide immediate notification without delay: *"...unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate an emergency"* 34 CFR 668.46(g)(3)

Timely Warning

In order to keep the campus community informed about ongoing safety and security issues, SOU will advise the campus community of reportable crimes which pose a serious or continuing threat to the campus community. These will be initiated by the Campus Public Safety Department.

1. Timely Warnings are sent regarding the situation of a crime occurring, or has occurred, on or near campus, usually as soon as pertinent information is available and confirmed.
2. Situations which could initiate a timely warning include, but are not limited to:
 - a. Rash of burglaries on campus
 - b. Motor vehicle thefts on campus
 - c. Hate crimes
 - d. Aggravated assault
 - e. Sexual assault
 - f. Missing persons
 - g. Other Clery crimes presenting a serious or continuing threat to students and employees
3. The CPS Director may collaborate with administration to compose the timely warning communication, including actions to take in response to the event, whether to avoid the area, safety tips, additional contact numbers, and information about crime(s) that triggered the timely warning.
4. Messages will generally be sent as an all-employee and all-student email.
5. Follow up communications may be sent depending on the event.
6. Timely Warnings usually won't require an "All Clear Message."
7. SOU may send out Timely Warnings for other (non-Clery reportable) crimes that may pose a serious or continuing threat to the campus community (i.e., kidnapping).
8. If a crime is reported solely to a counselor or pastor in confidence, a timely warning is not required to be sent out.

The following table is a guide showing the way in which SOU may notify the community of specific crimes. This is subject to change based on the circumstances, crimes, and frequency. ***Items in bold are mandatory for reporting purposes under Clery Act, sec. 668.46 (c).***

EMERGENCY RESPONSE AND NOTIFICATION

Southern Oregon University will immediately notify the campus community, or the appropriate segments of the community, when a serious incident occurs that causes an immediate threat to the campus. Officers with Campus Public Safety, as appropriate, will be sent to the location of the incident to determine if the report is valid.

Examples of emergencies that would result in immediate notification:

- Outbreak of meningitis, norovirus or other serious illness
- Approaching tornado or other extreme weather
- Wildfire
- Earthquake
- Gas leak
- Terrorist attack
- Armed intruder
- Bomb threat
- Civil unrest or rioting
- Explosion
- Nearby chemical or hazardous waste spill

Examples of situations that would not necessitate an emergency notification:

- Power outage
- Snow closure
- String of thefts

Southern Oregon University's response to these situations would be determined on a case-by-case basis.

The first responders to the scene are usually the members of the Ashland Police Department, Jackson County Sheriff's Office, Ashland Fire and Rescue, and/or Ashland Emergency Medical Services Department. They typically respond and work together to manage an incident. Depending on the nature of the incident, other Southern Oregon University departments and other local or federal agencies could also be involved in responding.

Immediate Threat Notification to Southern Oregon University Community

If Campus Public Safety confirms there is an emergency or dangerous situation that poses an immediate threat to the health or safety of the community, some or all members of Campus Public Safety and other University leadership will collaborate to determine the content of the notification.

Campus Public Safety has the authority to distribute an immediate notification to the Southern Oregon University community in situations when University leadership is unavailable.

Without delay and taking into account the safety of the community, Campus Public Safety and university leadership will determine the content of the notification and initiate the notification system, unless issuing a notification will, in the judgment of the first responders (including, but not limited to, Ashland Police Department and/or Ashland Fire and Rescue), compromise the efforts to assist a victim, or to contain, respond to or otherwise mitigate the emergency.

Those offices will use the SOU Alert system to immediately communicate the threat to the Southern Oregon University community or to the appropriate segment of the community or campus (e.g., if the threat is limited to a particular building or segment of the population or to a particular campus).

If you are a student, faculty, or staff member of SOU, you are automatically registered to receive SOU Alerts using your SOU email account and the phone number associated with the mailing address given at registration. Employees will receive SOU Alert notification at their work number. In case of an appropriate emergency, this mass notification system will quickly send you an alert message. You can customize receiving these alerts through email, phone, cell phone and/or text messages. Since you never know where you will be when an alert is sent, we recommend utilizing all of these options. You can access your profile in the SOU Alert system by going to the 'Alert' tab on your InsideSOU page. In your SOU Alert profile settings, you can add other email addresses, sign up for text messages, and/or add other phone numbers. If you add 541-552-7672 to your contacts in your mobile phone as 'SOU Alert', you will know that you are receiving a message or call notification from the SOU Alert system.

In the event that a crime requiring notification is reported at the SOU Higher Education Center (HEC) in Medford, the HEC security team, or RCC Risk Manager, will proceed to contact the Medford Police Department and SOU Campus Public Safety to issue an SOU Alert notification using the means of notification set forth above.

Emergency alerts and information are posted on the main page of the University's website <https://inside.sou.edu/>. The Public Information Officer may also distribute emergency alerts and information on the University's social media platforms and through other media outlets.

Timely Warnings

Circumstances for which a warning will be issued: As discussed above, the University uses the SOU Alert system to notify students and employees of emergencies that pose an immediate threat to the health and safety of the community. The University may also use the SOU Alert system to issue a Timely Warning email for any reported Clery Act crime that occurs on Southern Oregon University geography and represents a serious or continuing threat to the campus community. The issuance of a Timely Warning depends on the facts of the incident and the information known by Campus Public Safety. Incidents of aggravated assault and sex offenses are considered on a case-by-case basis. For example, if an aggravated assault occurs between two students who have a disagreement, there may be no ongoing threat to other Southern Oregon University community members and a Timely Warning would not be distributed. Sometimes incidents involving Sexual Assault are reported long after the

incident occurred. In these instances, it would not be effective to distribute a Timely Warning notice to the community.

Timely Warnings are sent out usually as soon as pertinent information is available after receiving notification of a crime occurring on campus.

Situations which could initiate a Timely Warning include, but are not limited to:

- Kidnapping or missing person
- Hate crimes
- Aggravated assault
- Sexual assault

Emergency Response Procedures

The University's Basic Emergency Operations Plan

(<https://inside.sou.edu/assets/security/emergencypreparedness/docs/WebSOUEmergencyOperationsPlan.pdf>) includes information about the Crisis Management Team, emergency response priorities, emergency levels, recovery operations, local contingency, and continuity planning. University departments are responsible for developing emergency procedures for their staff and areas of responsibility.

In addition, the SOU Emergency Response Handbook

(<https://inside.sou.edu/assets/security/emergencypreparedness/docs/EmergencyHandbook.pdf>) contains specific information on responding to: Armed Intruders, Bomb Threats, Crimes in Progress, Crime Prevention, Earthquakes, Emergency Preparedness, Evacuation, Evacuation for People with Disabilities, Fire, Hazardous Material Spill or Gas Leak, Serious Injury, Severe Weather, Suspicious Mail, and Threatening and/or Violent Behavior.

The University conducts numerous emergency response exercises each year, such as table-top exercises, field exercises and tests of the emergency notification systems on campus. One or more of the procedures are tested at least once per year. Following each exercise, participants evaluate the effectiveness of the plan, determine if specific objectives of the test were accomplished and make recommendations for improvement. Exercise results are shared with Southern Oregon University administration and Crisis Management Team for implementation of improvements.

General information about the emergency response and evacuation procedures for Southern Oregon University are available on the Southern Oregon University Emergency Preparedness website:

<https://inside.sou.edu/emergencypreparedness/index.html>

Emergency Evacuation Procedures

Southern Oregon University – Ashland Campus

Evacuation drills are coordinated by University Housing at least once each term for all of the residence halls to ensure all residents are familiar with the alarm and evacuation procedures. Thus, the emergency response and evacuation procedures are tested at least three times each

year. Students learn the locations of the emergency exits in the buildings and are provided guidance about the direction they should travel when exiting each facility for a building evacuation.

The purpose of evacuation drills is to meet regulatory compliance and to prepare building occupants for an organized evacuation in case of fire or other emergency. At Southern Oregon University, evacuation drills are used as a way to educate and train occupants on fire safety issues specific to their buildings. Emergency procedures, including evacuation routes, are provided electronically with the housing agreements.

During the drill, occupants ‘practice’ drill procedures and familiarize themselves with the location of exits and the sound of the fire alarm. In addition to educating the occupants of each building about the evacuation procedures during the drills, the process also provides the University an opportunity to test the operation of fire alarm system components.

Evacuation drills are monitored by University Housing staff and Environmental Health and Safety to evaluate egress and behavioral patterns. Recommendations for improvements are also submitted to the appropriate departments/offices for consideration.

Residential Students receive information about evacuation procedures from their Resident Assistant at the beginning of the academic year. The residence hall staff members are trained in these procedures as well, and act as ongoing resources for the students living in residential facilities.

Additional information on evacuation, including evacuation for people with disabilities, is provided in the SOU Emergency Response Handbook (<https://inside.sou.edu/assets/security/emergencypreparedness/docs/EmergencyHandbook.pdf>).

Personal and Property Safety

Students are advised to take the following actions to reduce the risk of becoming a victim of personal or property crimes:

1. Make sure your room or office doors are locked at night and when unattended.
2. Mark all valuable personal belongings.
3. Insure your personal property against theft or casualty loss.
4. Do not prop open exterior doors for convenient access, as it can compromise the safety of other building occupants.
5. Walk or jog with friends if you choose to exercise outside in the early morning hours or after dark.
6. Heed your instincts and don't take unnecessary risks.
7. Report all suspicious circumstances or persons to a Campus Public Safety Officer or the Ashland Police Department.
8. Report all crimes, no matter how minor or insignificant.
9. If you have been victimized, call us! If we are unable to help, we will refer you to someone who can.

Missing Students

Students, staff, faculty, parents/legal guardians, Campus Security Authorities, or any other person who is aware that a student, who resides on campus, is missing should report that information immediately. Reports should be made to Campus Public Safety by either calling 9-1-1 (for emergencies), or (541) 552-6911 (for non-emergencies).

All on campus residents are asked to provide a general emergency contact when applying with University Housing. The contact information will be registered confidentially and will only be accessed by authorized campus officials. The contact listed may be disclosed to law enforcement personnel in furtherance of a missing person investigation for that resident. This contact will be notified within 24 hours from the time the student has been determined missing.

If the student is under 18 years of age and not emancipated, the institution must notify a custodial parent or guardian within 24 hours of the determination that the student is missing, in addition to notifying any additional contact person designated by the student. Whether the student has identified a specific contact person, is above the age of 18, or is an emancipated minor, Southern Oregon University will immediately inform Campus Public Safety that the student is missing within 24 hours. The Southern Oregon University policy for missing students can be found at:

<https://inside.sou.edu/assets/policies/MissingStudent081718.pdf>

Security and Access to Campus Facilities

Campus buildings and facilities access is controlled by a standard lock and unlock schedule. This schedule is maintained and updated by Campus Public Safety. Access outside of the schedule is granted by key, electronic access, or by contacting Campus Public Safety.

Residence halls are secured 24 hours a day with the exception of Move-In Day. Over extended breaks, the doors of all residence halls will be secured around the clock. Some facilities may have individual hours, which may vary at different times of the year. In those cases, the facilities will be secured according to schedules developed by the department responsible for those facilities.

Emergencies may necessitate changes or alterations to any posted schedules. Areas that are revealed to be problematic will have security surveys conducted. This information shall be forwarded to the appropriate building manager for resolution, including administrators from the Facilities Management and Planning Department, University Housing, Dining Services, and/or any person or department that has responsibility over specific areas of campus. These surveys examine security issues such as landscaping, locks, alarms, lighting, and communications. Security concerns discovered by, or reported to, Campus Public Safety are reviewed daily and contact is made with building managers and other persons in authority to resolve them in a timely manner.

Campus Public Safety regularly patrols around the perimeter and streets near all Ashland campus buildings, and assists SOU Campus Housing staff and/or Resident Assistants in evening rounds, upon request.

Security Considerations Used in Maintenance of Campus Facilities

Southern Oregon University requires the successful completion of a criminal history check for all staff who perform maintenance or repair in student housing facilities where interaction with persons under 18 years of age in a private setting is likely to occur. Criminal history checks are also performed for those with functions or duties that require the possession of master keys to housing and dining facilities.

Doors, windows, locks, and other elements of the security system for an individual building receive maintenance on a priority basis. For example, maintenance for a broken window in a building with little or no valuable equipment may be deferred to a later time. However, a residence hall with a broken window that allows access to the building will be secured as soon as maintenance personnel can be summoned to the location.

Blue Light Phones

25 blue light phones are stationed across campus in various locations for emergencies and the reporting of crimes and suspicious incidents. The locations of these phones, as well as the locations of Automated External Defibrillators (AEDs), are included in the digital campus map on the InsideSOU homepage. The *Emergency* filter under the *Locations* section must be checked. The map can be viewed at: <https://map.concept3d.com/?id=707>.

Security Awareness Programs

During student orientation, Ashland campus students are informed of services offered by Campus Public Safety. Students are told about crime on campus and in surrounding neighborhoods. Crime Prevention programs and Sexual Violence Prevention programs are offered on a continual basis. Periodically during the academic year, the Offices of the Dean of Students and Equity Grievance/Title IX, in cooperation with other University organizations and departments, present crime prevention awareness services on Sexual Violence. Campus Public Safety offers educational sessions on personal safety and residence hall security. A common theme of all awareness and crime prevention programs is to encourage students and employees to be aware of their responsibility for their own security and the security of others.

Campus Public Safety periodically offers active attacker training to members of the campus community. The purpose of this training is to provide attendees with situational awareness and what to do in case of a significant threat. Additionally, Campus Public Safety partners with the Ashland Police Department to offer Alert, Lockdown, Inform, Counter, Evacuate (ALICE) and Civilian Response to Active Shooter Events (CRASE) training to SOU employees and other members of the public. These courses provide attendees with active shooter response strategies in addition to classroom simulations.

SOU has a partnership with Vector Solutions and any student, staff or faculty member that would like to complete an online module on the following optional safety topics:

- *Active Shooter Preparedness for Students:* The course intends to prepare college students for "active shooter" situations by providing information on how they occur and how they may be more effectively prevented.

- *Campus Fire Safety*: This course gives students an overview of fire safety tips and best practices.
- *Human Trafficking Awareness for Students*: This training covers what is human trafficking, how it works, how to stay safe, and warning signs.

Education of Members of the University Community

Campus Public Safety, Office of the Dean of Students, Office of Environmental Health and Safety, and University Housing departments participate in forums and programs in residence halls to educate students and explain University security, public safety, and fire safety measures and procedures at Southern Oregon University.

Members of Campus Public Safety conduct crime prevention and general security and safety awareness presentations when requested by various community groups, including students and employees of the University. During these presentations, the following information is typically provided: crime prevention tips, how to report an incident, statistics on crime at Southern Oregon University, fire safety information, and campus security procedures and practices.

In addition to encouraging participants to be responsible for their own security and safety, they are encouraged to be responsible for the security and safety of others on campus.

New employee orientation includes the distribution of crime prevention and fire safety materials to all new employees of the institution. During Raider Registration and New Student Orientation events, and in conjunction with the Office of the Dean of Students, Campus Public Safety shares resources with new students, including training programs that are available.

Clery Training

Members of the campus community identified as Campus Security Authorities (CSAs) receive training on the Clery Act and their obligations to report crimes to the institution. The training is provided in-person or online via Moodle under the direction of the Clery Coordinator. CSAs are given background on the Clery Act, instructions on reporting obligations, and quizzed on the information provided. The Clery Compliance Coordinator maintains a log of the individuals identified as CSAs based on their job function in addition to tracking those who have completed the training. Additionally, Human Resources assigns all new employees a mandatory Clery Act overview course via Vector Solutions within 60 days of hire.

ALCOHOL AND DRUG USE AT THE UNIVERSITY

Alcohol Use

The possession, sale, or furnishing of alcohol on the University campus is governed by Southern Oregon University policies and standards. Laws regarding the illegal possession, sale, use, consumption, or furnishing of alcohol are enforced by Campus Public Safety, the Ashland Police Department, and other peace officers who may patrol the campus during athletic events or when providing assistance to Campus Public Safety.

The Oregon Liquor Control Commission investigators are also commissioned police officers. They have jurisdiction to patrol Southern Oregon University and the City of Ashland and enforce state laws pertaining to alcohol possession, sale, and consumption.

In addition, Campus Public Safety may refer incidents of alcohol use in violation of University policy to the Office of the Dean of Students.

The Southern Oregon University policy for alcohol use on campus can be found at:

<https://inside.sou.edu/assets/policies/docs/drug-alcohol-weapons.pdf>. Oregon Revised Statutes dealing with alcohol can be found at: <http://www.oregonlaws.org/ors/chapter/471>.

Drug Use

The Southern Oregon University campus has been designated as “Drug Free.” The illegal possession, sale, use, manufacturing, or distribution of any controlled substance is illegal under both state and federal laws. Enforcement of state and federal drug laws are strictly enforced by Oregon law enforcement agencies, including Campus Public Safety. Violators are subject to university disciplinary action, criminal prosecution, fine, and/or imprisonment. Oregon Revised Statutes dealing with drugs may be found at: <http://www.oregonlaws.org/ors/chapter/475>.

Enforcement of State Underage Drinking Laws and Marijuana Laws

Alcohol and state marijuana laws on campus are primarily enforced by Campus Public Safety and the Ashland Police Department. Violators are subject to Southern Oregon University disciplinary actions, criminal prosecution, fine, and/or imprisonment.

Alcohol and Illegal Drugs

Southern Oregon University is concerned about the intellectual, physical, and psychological well-being of all students and employees. As a result, the University is fundamentally opposed to the use of illegal drugs and the abuse of alcohol and other harmful substances. It is the policy of SOU to proactively prevent students and employees from injuring themselves through the use and abuse of drugs and alcohol, and the University seeks to engage the members of its academic community in the fight to prevent drug and alcohol abuse.

Below you will find important information about drugs, alcohol, the University’s policies regarding these substances, and the sanctions the institution may impose on those who violate these policies. State and federal laws applicable to the use and abuse of alcohol and other drugs are also provided.

SOU Drug and Alcohol Policy

SOU’s Drug-Free Workplace policy prohibits the illegal use, possession, or distribution of drugs and alcohol on University owned or controlled property or as part of any University activity. Employees at SOU must abide by the University drug and alcohol policy, as well as local, state, and federal drug and alcohol laws.

It is also a violation of the Southern Oregon University Alcohol and Drug Policy

(https://inside.sou.edu/assets/policies/SAD.002_Final.pdf) for anyone to consume or possess alcohol in any public or private areas of campus without prior University approval. Organizations or a group violating alcohol or substance abuse policies or laws may be subject to sanctions by the University.

Students attending SOU must abide by the Code of Student Conduct, which defines prohibited alcohol use to include (a) possession or consumption of alcohol by those under the legal drinking age on University premises or at a University sponsored activity, (b) furnishing of alcohol to a person under the legal drinking age; or (c) consumption of an alcoholic beverage by a person at least the legal drinking age, or furnishing of an alcoholic beverage by or to a person at least the legal drinking age, except in such areas and at such times as the University authorizes. The University assesses legal drinking age based on where the incident occurred. The Code also prohibits cannabis use and prohibited controlled substance use, including (a) use, possession, or procurement of cannabis or a controlled substance except as permitted by both state and federal law; (b) furnishing, cultivation, manufacturing, distributing, or selling cannabis or a controlled substance, except as expressly permitted by both state and federal law; or (c) causing another to ingest cannabis or a controlled substance without consent.

Students residing on campus are also held accountable for University Housing rules relating to the use of illegal drugs and alcohol, as set forth in the Residence Hall Contracts.

SOU and Cannabis

On July 1, 2015, Oregon state law decriminalized the limited recreational possession and use of marijuana and other forms of cannabis. However, using, distributing, or possessing cannabis in any form remains a crime under federal law, and is not allowed at SOU, including on University property or as part of University-sponsored activities. At the federal level, the Controlled Substances Act states that the growing and use of cannabis is a crime, and federal enforcement agencies can prosecute users and growers of cannabis, regardless of state law. In addition to being a federal offense, the use of cannabis in the workplace, on campus, on University controlled property, or at University sponsored activities is restricted by additional federal laws, such as the Safe and Drug-Free Schools and Communities Act and the Drug-Free Workplace Act. SOU's receipt of federal funds – including funding for student financial assistance and federal grants and contracts for research – requires that SOU continue to prohibit the illegal use, manufacture, distribution, and possession of cannabis, other illegal drugs and alcohol, as defined by federal law, on all University owned or controlled properties, or as part of University activities.

Consequently, though possession and use of marijuana is legal in Oregon for anyone age 21 or older, possession and use of cannabis remain a violation of federal law. Possession and use of marijuana by anyone under the age of 21 may be referred to Oregon law enforcement. Possession and use of marijuana by anyone on the Southern Oregon University campus, regardless of age, is a violation of federal law and University policy and, as such, is subject to disciplinary action under the Code of Student Conduct. Disciplinary sanctions may be imposed on any student or employee found to be in violation of the policies related to cannabis below.

State Sanctions Governing Drugs Illegal Under Oregon Law

In Oregon, penalties for possession and distribution are determined by the Controlled Substance Schedule upon which the drug appears.

Schedule I Drugs (e.g., GHB, Heroin, LSD, Methamphetamine, Peyote, Psilocybin*)

- Manufacture or distribution - Class A felony (up to 20 years and up to \$375,000 fine or twice the value of any resulting gain of property or money).
- Unlawful Possession - Class E Violation/Class A Misdemeanor/Class B Felony (amount dependent).

**In 2020, Oregon voters approved Measure 109 allowing the supervised use of psilocybin ("magic mushrooms") in service centers licensed by the Oregon Health Authority. Individuals 21 years of age and older may purchase, possess, and consume a psilocybin product only at a*

psilocybin service center and only under the supervision of a psilocybin service facilitator (ORS § 475A.498). The manufacture, distribution, and possession of any amount of psilocybin beyond this scope remains unlawful.

Schedule II Drugs (e.g., Amphetamine, Cocaine, Opium, PCP)

- Manufacture or distribution - Class B felony (up to 10 years and up to \$250,000 fine or twice the value of any resulting gain of property or money).
- Unlawful Possession - Class E Violation/Class A Misdemeanor/Class C Felony (amount dependent).

Schedule III Drugs (e.g., Depressants, Anabolic Steroids)

- Manufacture or distribution - Class C felony (up to 5 years and up to \$125,000 fine or twice the value of any resulting gain of property or money).
- Unlawful Possession - Class E Violation (up to \$100 fine).

Schedule IV Drugs (e.g., various prescription drugs such as Valium, Xanax, Phenobarbital)

- Manufacture or distribution - Class B misdemeanor (up to 6 months and up to \$2,500 fine or twice the value of any resulting gain of property or money).
- Unlawful Possession - Class E Violation (up to \$100 fine).

Schedule V Drugs (e.g., less dangerous prescription drugs and small amounts of certain drugs)

- Manufacture or distribution - Class C misdemeanor (30 days and up to \$1,250 or twice the value of any resulting gain of property or money).
- Unlawful Possession – Unclassified violation.

It is unlawful for a person to manufacture or deliver a Schedule I, II, or III controlled substance within 1,000 feet of the real property comprising a public or private elementary, secondary or career school attended primarily by minors (Class A felony, penalty of up to 20 years and \$375,000 fine, see ORS § 475.904).

In addition, the court may order the defendant to pay the cost of prosecution, and the defendant's vehicle used in the crime may be forfeited to the state. Finally, the defendant may forfeit any property used in the crime to the county in which the crime occurred.

Federal Sanctions Governing Other Illegal Drugs Under Federal Law

The federal system is governed by Title 21 United States Code, Controlled Substances Act. The federal system establishes sanctions for possession and distribution of controlled substances, based on the

schedule of the drug and the amount involved. In addition, the statutory sanctions for possession and distribution are subject to the “Sentencing Guidelines for 40 U.S. Courts.” Imposition of the guidelines may lead to higher offense levels and, thus, stricter penalties than otherwise indicated. Courts must make adjustments in the offense level for victim-related considerations, defendant’s role in the offense, multiple counts, obstruction and acceptance of responsibility. Finally, the guidelines establish sentences for each offense based on the defendant’s criminal history. Further, if serious injury or death results from the crime, minimums of up to ten years (serious injury) and twenty years (death), plus fines of up to \$4,000,000 may be added. These penalties may be doubled for defendants with past felony drug convictions. Penal sanctions in the federal system are “real time,” with reductions in sentences only for good behavior.

The U.S. Drug Enforcement Administration lists five federal schedules of controlled substances:

- Schedule I: Heroin, LSD, Marijuana (Cannabis), Ecstasy, Methaqualone, Peyote, Trimeperidine
- Schedule II: Opium, Cocaine, Methamphetamine, Methadone, Hydromorphone, Hydrocodone, Oxycodone, Fentanyl, Dexedrine, Adderall, Ritalin
- Schedule III: Codeine, Ketamine, Anabolic Steroids, Testosterone
- Schedule IV: Xanax, Soma, Darvon, Darvocet, Valium, Ativan, Talwin, Ambien, Tramadol
- Schedule V: Lomotil, Motofen, Lyrica, Parepectolin, and other less dangerous prescription drugs and small amounts of certain drugs

The following are federal penalties and sanctions for Illegal Possession of a Controlled Substance.

Note: Additional penalties are imposed for trafficking.

- 21 U.S.C. § 844(a) - First conviction: up to one (1) year imprisonment and fined at least \$1,000, or both. After first prior drug convictions: at least 15 days in prison, not to exceed two (2) years and fined at least \$2,500, or both. After two or more prior drug convictions: at least 90 days in prison, not to exceed three (3) years and fined at least \$5,000.
- 21 U.S.C. § 853(a)(2), § 881(a)(7) - Forfeiture of personal and real property used to possess or to facilitate possession of a controlled substance if that offense is punishable by more than one (1) year imprisonment.
- 21 U.S.C. § 881(a)(4) - Forfeiture of vehicles, boats, aircraft or any other conveyance used or intended for use, to transport or facilitate the transport, sale, receipt, possession or concealment of a controlled substance.
- 21 U.S.C. § 862(b) - First conviction: ineligible for any or all federal benefits, such as student loans, grants, contracts, and professional and commercial licenses for up to one (1) year. Second or subsequent convictions: ineligible for any or all federal benefits for up to five years.
- 21 U.S.C. § 844(a) - Civil fine of up to \$10,000.

- Miscellaneous - Revocation of certain federal licenses and benefits (e.g., pilot license, public housing tenancy, etc.) are vested within the authorities of individual federal agencies.

Information regarding legal sanctions under Federal law for the unlawful distribution of controlled substances (i.e., drug trafficking) can be found at: <https://www.dea.gov/drug-information/drug-policy>.

Drug Free Schools and Communities Act

The 1989 amendments to the Drug Free Schools and Communities Act (DFSCA) require all institutions of higher education that receive federal funding to adopt and implement a drug prevention program. Under the Drug and Alcohol Abuse Prevention regulations (34 CFR Part 86), Southern Oregon University has developed a program to prevent the abuse of alcohol and the illicit use of drugs by all students and employees. The program offers services related to alcohol and drug use and abuse including dissemination of informational materials, educational programs, and counseling services.

A biennial review of the program is required to determine its effectiveness, implement any necessary changes, and ensure that disciplinary sanctions for both students and employees are consistently enforced. Similarly, an annual notice is required to be sent to all students and employees to inform them of SOU's standards of conduct, all applicable legal and institutional sanctions, the health risks associated with the use and/or abuse of drugs and alcohol, and descriptions of available resources for abuse and addiction such as counseling or treatment programs.

The most recent biennial report can be found here: <https://dos.sou.edu/wp-content/uploads/sites/71/2023/09/SOU-Biennial-Review-2023-.pdf>

POLICIES, PROCEDURES AND RESOURCES **IN SUPPORT OF THE VIOLENCE AGAINST WOMEN ACT**

General

Southern Oregon University prohibits the offenses of Domestic Violence, Dating Violence, Sexual Assault, and Stalking (as defined by the Clery Act), and reaffirms its commitment to maintaining a campus environment that emphasizes the dignity and worth of all members of the University community. Toward that end, Southern Oregon University issues this statement of policy to inform the campus community of its programs to address Domestic Violence, Dating Violence, Sexual Assault, and Stalking, as well as the procedures for institutional disciplinary action in cases of alleged Domestic Violence, Dating Violence, Sexual Assault, or Stalking, which will be followed regardless of whether the incident occurs on or off campus when it is reported to a University official (who is not a confidential resource).

Southern Oregon University does not discriminate on the basis of gender in its educational programs and sexual harassment and sexual violence are types of sex discrimination. Other acts can also be forms of sex-based discrimination and are also prohibited, whether sexually based or not, and include Domestic Violence, Dating Violence, and Stalking. Compliance with the provisions of the Violence Against Women Act (VAWA) does not constitute a violation of section 444 of the General Education Provisions Act (20 U.S.C. 1232g), commonly known as the Family Educational Rights and Privacy Act of 1974 (FERPA).

When a report of sexual violence is received by the University, the University will take prompt and effective steps to end the sexual violence, prevent its recurrence, and address its effects. This section identifies the policies, procedures, and resources for offenses of sexual violence.

There are several legal and policy definitions for Domestic Violence, Dating Violence, Sexual Assault, and Stalking under federal law, state law, and SOU policy. These definitions apply to such conduct under federal law, state law, and SOU policy. To ensure the campus community is informed of how such conduct is defined by these important legal and policy standards, the federal, state, and University definitions of each are presented separately below.

Definitions: Used Pursuant to SOU Policy

There are numerous terms used by Southern Oregon University in its policy and procedures. In this section, you will find a list of terms and their definitions for the purposes of this report as defined in the University's Equal Opportunity, Harassment, and Sexual Misconduct policy ([GEN.009_Equal_Opportunity_Harassment_and_Sexual_Misconduct.pdf \(sou.edu\)](#)).

Consent: Consent is knowing, voluntary and mutual decision among all participants to engage in sexual activity, expressed in words or actions. For consent to be valid, there must be a clear expression in words or actions that the other individual consented to that specific sexual conduct with that particular person or people. Individuals may experience the same interaction in different ways. Therefore, it is the responsibility of each party to determine that the other has consented before engaging in the activity. If consent is not clearly provided prior to engaging in the activity, consent may be ratified by word or action at some point during the interaction or thereafter, but clear communication from the outset is strongly encouraged. Consent to some sexual contact (such as kissing or fondling) cannot be presumed to be consent for other sexual activity (such as intercourse). Past consent does not imply future consent. A current or previous dating relationship is not sufficient to constitute consent. The existence of consent is based on the totality of the circumstances, evaluated from the perspective of a reasonable person in the same or similar circumstances, including the context in which the alleged incident occurred. Silence or the absence of resistance alone is not consent. In Oregon, a minor (meaning a person under the age of 18 years) cannot consent to sexual activity except

in limited circumstances dictated by law. Consent can be withdrawn at any time during sexual activity through reasonable and clear communications through words or actions. When consent is withdrawn, sexual activity must stop. Consent cannot be given if any of the following are present: Incapacitation, Force, or Coercion.

Hostile Environment Sexual Harassment: Title IX Sexual Harassment is conduct on the basis of sex that satisfies one or more of the following:

1. Quid Pro Quo: An SOU employee conditions the provision of an aid, benefit, or service of SOU on an individual's participating in unwelcome sexual conduct; or
2. Title IX Hostile Environment: Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the SOU's education program or activity; and
3. Sexual Assault, Dating Violence, Domestic Violence, Stalking Conduct meeting these definitions must occur within SOU's Education Program or Activity and inside of the United States to constitute Title IX Sexual Harassment. Sexual Assault, Dating Violence, Domestic Violence, Stalking, and Retaliation are types of Prohibited Conduct individually, even if not meeting the definition of Title IX Sexual Harassment because they occur outside of the education program or activity or outside the United States, or the parties are not participating or seeking to participate in the education program or activity.

Sexual Assault: Sexual Assault is having or attempting to have sexual contact with another individual without consent or where the individual cannot consent because of age or temporary or permanent mental incapacity (see below for definition of consent and incapacitation). Sexual contact includes: • sexual intercourse (anal, oral, or vaginal), including penetration with a body part (e.g., penis, finger, hand, or tongue) or an object, or requiring another to penetrate themselves with a body part or an object, however slight; • sexual touching of the private body parts, including, but not limited to, contact with the breasts, buttocks, groin, genitals, or other intimate part of an individual's body for the purpose of sexual gratification. • Sexual touching may be over or under clothing and may include the Respondent touching the Complainant, the Respondent making the Complainant touch the Respondent or another person, or the Respondent making the Complainant touch the Complainant's own body.

Intimate Partner Violence: Intimate Partner Violence is a broad term that includes violence or threat of violence from one intimate partner toward another, including but not limited to coercion, threats, intimidation, or physical violence.

Dating Violence: Dating Violence is a type of Intimate Partner Violence defined as violence, on the basis of sex, committed by a person who is in or has been in a social relationship of a romantic or intimate nature with the Complainant. The existence of such a relationship shall be determined based on the Complainant's statement and with consideration of the length of relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. Dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse. Dating violence does not include acts covered under the definition of Domestic Violence.

Domestic Violence: Domestic Violence is a type of Intimate Partner Violence and is defined as felony or misdemeanor crimes of violence, on the basis of sex, committed by a current or former spouse or intimate partner of the Complainant; by a person with whom the Complainant shares a child in common; by a person who is cohabitating with, or has cohabitated with, the Complainant as a spouse or intimate partner; by a person similarly situated to a spouse of the Complainant under the domestic or family violence laws of Oregon; or by another person against an adult or youth Complainant who is protected against that person's acts under the domestic or family violence laws of Oregon. To categorize an incident as Domestic Violence, the relationship between the Respondent and the Complainant must be more than just two people living together as roommates. The people cohabitating must be current or former spouses or have/had an intimate relationship.

Stalking: Stalking is defined as engaging in a course of conduct, on the basis of sex, directed at a specific person, that would cause a reasonable person to fear for the person's safety, or the safety of others, or suffer substantial emotional distress. For purposes of this definition:

"Course of conduct" means two or more acts, including but not limited to, acts in which the Respondent directly, indirectly, or through third parties, by any action, method, device, or means, follows monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person's property. • "Reasonable person" means a reasonable person under similar circumstances and with similar identities to the Complaint. • "Substantial emotional distress" means significant mental suffering or anguish that may but does not necessarily require medical or other professional treatment or counseling.

Discriminatory Harassment: Discriminatory Harassment is unwelcome non-verbal or physical, verbal, or online conduct where such conduct is based on actual or perceived membership in a protected category, and is sufficiently severe or pervasive that it has the effect, intended or unintended, of unreasonably interfering with an individual's work or academic performance or it has created an intimidating, hostile or offensive environment and would have such an effect on a reasonable person. Protected categories include race, religion, hearing status, color, sex, pregnancy, political affiliation, religion, creed, ethnicity, national origin (including ancestry), citizenship status, physical or mental disability, body size, age, marital status, family relationship, sexual orientation, gender, gender identity or expression, veteran or military status (including special disabled veteran, Vietnam-era veteran, or recently separated veteran), predisposing genetic characteristics, domestic violence victim status or any other protected category under applicable local, state or federal law.

Sexual Exploitation: Sexual Exploitation refers to a situation in which a person takes non-consensual or abusive sexual advantage of another, and situations in which the conduct does not fall within the definitions of Sexual Harassment. Examples of sexual exploitation include, but are not limited to:

- Sexual voyeurism (such as watching a person undressing, using the bathroom or engaging in sexual acts without the consent of the person observed);
- Exceeding the boundaries of consent (e.g., taking pictures of or recording another in a sexual act, or in any other private activity without the consent of all involved in the activity, allowing

another person to hide and observe sexual activity, or disseminating sexual pictures without the photographed person's consent);

- Prostitution of another person;
- Exposing one's genitals in non-consensual circumstances or inducing another to do so;
- Sexually-based stalking or bullying of another person;
- Engaging in sexual activity with another person while knowingly infected with human immunodeficiency virus (HIV) or other sexually transmitted disease (STD) and without informing the other person of the infection; and
- Engaging in sexual activity with another person where one has administered alcohol or drugs (such as "date rape" drugs) to another person without their knowledge or consent.

PREVENTION AND AWARENESS OF SEXUAL VIOLENCE

Sexual Violence Response Review

Southern Oregon University has a multi-disciplinary body that gathers weekly to review the campus response to Title IX-related reports. This group is comprised of Equity Grievance/Title IX team members and other campus community members. This entity looks at overall campus community safety, trends in reporting, and most importantly, reviews how the University responds to each individual report and the outcome of the report and considers continuous improvement processes. This group also supports the development and provision of a variety of educational awareness programs and campaigns, described further below.

Educational Awareness Programs and Campaigns

SOU provides a variety of programs and campaigns for the purpose of promoting awareness of dating violence, domestic violence, sexual assault, and stalking. These prevention efforts are provided to faculty, students, and staff on issues of Title IX, the Violence Against Women Act, and the Clery Act..

Title IX programs are also developed for the benefit of student education and awareness. During 2023, a reminder email was sent to all campus to review and support the Equal Opportunity, Harassment, and Sexual Misconduct Policy. As a part of the online orientation in 2023, students were asked to participate in a presentation on Title IX, Bias, Discrimination and Campus Choice. This module included SOU's Equal Opportunity, Harassment and Sexual Misconduct Policy with review of information and definitions.

As part of Title IX compliance, the Campus SaVE Act, and VAWA, all SOU employees are required to complete a mandatory online harassment prevention training course within 90 days of employment. SOU also requires all employees to complete bi-annual harassment prevention training. Additionally,

the Director of Equity Grievance/Title IX Coordinator offers training to all onboarding employees regarding reporting responsibilities and CSA requirements.

Sexual Violence Prevention for Undergraduate Students® and *Sexual Violence Prevention for Graduate Students®* is an online course designed to educate students about consent, healthy relationships, bystander intervention, and the realities of sexual violence. It includes testimonials from survivors, scenarios presented by students, and constructive advice for dealing with sexual assault, dating violence, and domestic violence. The program is mandatory annually for all incoming and continuing SOU students.

An educational program known as “The C Word: Consent” was presented at the Stevenson Union during Fall term of 2023. This was presented by a comedy group known as Mission iMPROVable in which performers used a combination of audience interaction, improv exercises, and researched information to inform students about consent and healthy relationships. The program included methods of effective boundary setting and bystander intervention.

Lexi Bean, a survivor of childhood sexual assault that came to SOU in October of 2023 to lead a workshop with students on supporting survivors of domestic violence and sexual assault. Lexi used sections of their books to lead the discussions that included supporting LGBTQIA+ students.

Consent Cupcake event where offered throughout 2023 on campus. At these events free cup cakes with consent slogans written on them are handing out to students. This gives students the opportunity to get information on consent, discuss consent language, and have open dialog surrounding consent.

Two SOU websites were created in 2022 to promote sexual violence prevention (<https://sou.edu/equity-grievance/violence-prevention/>) and to disclose available resources for survivors of dating violence, domestic violence, sexual assault, stalking, and gender-based harassment or bullying (<https://dos.sou.edu/safe/>).

Sex Offender Registration Information

In accordance with applicable laws, Southern Oregon University provides information on how to access information on registered sex offenders. In the state of Oregon, Oregon State Police maintains the sex offender registry, which can be accessed at sexoffenders.oregon.gov/.

The information found in the registry is provided for general public safety. Users are authorized to use the information only to protect themselves or children who may be at risk. The release of the information to the public is meant to assure public protection, not to punish an offender or harass an offender’s family. Anyone who uses the information to commit a criminal act against another person is subject to criminal prosecution and civil action.

PROCEDURES FOR REPORTING CONCERNS OF VAWA CRIMES

Southern Oregon University has many avenues for reporting a complaint of Domestic Violence, Dating Violence, Sexual Assault, and/or Stalking. Details on reporting options should be reviewed fully in the University's Equal Opportunity, Harassment, and Sexual Misconduct Policy ([GEN.009 Equal Opportunity Harassment and Sexual Misconduct.pdf \(sou.edu\)](https://sou.edu/gen009/Equal_Opportunity_Harassment_and_Sexual_Misconduct.pdf)).

Making a Report

Reported incidents of Sexual Assault, Domestic Violence, Dating Violence, Stalking and other types of harassment and discrimination are received, investigated, and adjudicated under SOU's policy on Equal Opportunity, Harassment, and Nondiscrimination

Any member of the campus community, guest, or visitor who believes that the policy on Equal Opportunity, Harassment, and Nondiscrimination has been violated should contact the Director of Equity Grievance/Title IX Coordinator at (541) 552-7079, and/or a Deputy Coordinator (contact information for Deputy Title IX Coordinators is available by going to <https://inside.sou.edu/ssi/sou-title-ix-coordinator-and-deputy-coordinators-for-faculty-and-students.html>). Any member of the campus community may also contact Campus Public Safety to report such incidents, who will in turn notify the Director of Equity Grievance/Title IX Coordinator, Deputy Title IX Coordinator, or other designee. Initiating a grievance under the Equal Opportunity, Harassment, and Nondiscrimination Policy is discussed in full below. Online reports can be submitted at [Equity Grievance Office - Discrimination, Harassment & Sexual Misconduct Reporting Form \(maxient.com\)](https://maxient.com/equity-grievance-office-discrimination-harassment-sexual-misconduct-reporting-form).

A full investigation will be pursued if there is evidence of misconduct or a perceived threat of further harm to the campus community or any of its members. The University aims to complete all investigations within a 120-business day time period.

You can also request to make a formal report at Southern Oregon University's Sexual Misconduct and Equal Opportunity Form (https://sou.co1.qualtrics.com/jfe/form/SV_7R7CCBciGNL473L). You may also make a formal report by calling a Confidential Advisor at (541) 552-7079, the University Title IX Coordinator at (541) 552-7079, or one of several Deputy Title IX Coordinators. Additional contact information for the Title IX team is available by going to <https://inside.sou.edu/ssi/sou-title-ix-coordinator-and-deputy-coordinators-for-faculty-and-students.html>. Students can also initiate a formal report through the SOU Cares system by going to https://cm.maxient.com/reportingform.php?SouthernOregonUniv&layout_id=4.

Southern Oregon University must investigate any formal report. Nearly all campus employees are considered Responsible Parties who are required to make a formal report to a Title IX official.

A report may be made at SOU's Campus Public Safety Office located at 382 Wightman Street, Ashland, OR 97520 during regular business hours. If it is after hours, call 541-552-6911 and let dispatch know you would like to make a report at the CPS office so an officer can meet you there. A

report may also be made at the Ashland Police Department, located at 1155 E. Main Street, Ashland, OR 97520 during regular business hours.

ADDITIONAL ASSISTANCE FOR VICTIMS

General

Regardless of whether a complainant elects to pursue a criminal complaint or whether the offense is alleged to have occurred on or off campus, the University will assist victims of Domestic Violence, Dating Violence, Sexual Assault, and Stalking, and will provide each victim a written explanation of their rights and options. Southern Oregon University will provide written notification to students and employees about existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available for victims, both within the institution and in the community.

In Oregon, a victim of Domestic Violence, Dating Violence, Sexual Assault, or Stalking also has rights under state law. These rights include financial assistance for a variety of things, like counseling, medical expenses, loss of earnings, and more. For more information on victims' rights in the State of Oregon, visit <https://www.doj.state.or.us/crime-victims/victims-services/compensation-for-victims-of-crime/>.

Further, the University complies with Oregon law in recognizing orders of protection/restraining orders, and will assist any University member who obtains an order of protection from any U.S. state with information and safety planning. A person with such an order should provide a copy to Campus Public Safety and the Equity Grievance office. A complainant may then meet with the Office of Equity Grievance and Campus Public Safety to develop a safety plan, which is a plan for Campus Public Safety and the victim to reduce risk of harm while on campus or coming to and going from campus. Anyone who needs help gaining information about obtaining a protective order can contact the Equity Grievance office or a confidential resource for assistance.

Safety planning may include, but is not limited to, escorts, special parking arrangements, providing a temporary cell phone, changing classroom location, or allowing a student to complete assignments from home (or other accommodations, if deemed necessary by the institution). Employees who are victims of Domestic Violence may be eligible to take advantage of intermittent or continuous leave in order to secure restraining orders, attend court, or the like.

While the University will assist those persons who have a protection/restraining order, the University cannot apply for a legal order of protection, no contact order, or restraining order for a victim from the applicable jurisdiction(s). The victim is required to apply directly for these services.

A victim can also seek help from the Jackson County Circuit Court or through the Court Advocate. The Jackson County Circuit Court is located at 100 S. Oakdale Ave, Medford, OR 97501 and can be contacted by calling (541) 776-7171.

The University may issue an institutional “no contact” order or directive, if deemed appropriate, or at the request of the victim or accused. An institutional no contact order can be requested through the Office of Equity Grievance. The Director of Equity Grievance/Title IX Coordinator evaluates and approves such requests and can be contacted by calling (541) 552-7079. To the extent of the victim’s cooperation and consent, University offices will work cooperatively to ensure that the complainant’s health, physical safety, work, and academic status are protected, pending the outcome of a University response to a report or formal complaint. For example, if reasonably available, a complainant may be offered changes to academic, living, or working situations in addition to counseling, health services, and assistance in notifying appropriate local law enforcement.

Additionally, personally identifiable information about the victim will be shared only with persons with a specific need to know who are investigating/adjudicating the complaint, or delivering resources or support services to the complainant (e.g., publicly available record-keeping for purposes of Clery Act reporting and disclosures will be made without inclusion of identifying information about the victim, as defined in 42 USC 1395 (a)(20)). Further, the institution will maintain as confidential, any accommodations or protective measures provided to the victim, to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures.

The University does not publish the name of crime victims, nor house identifiable information regarding victims, in the Campus Public Safety Daily Crime Log or online. Victims may request that directory information on file be removed from public sources. Students should contact the Office of the Registrar and employees should contact the Office of Human Resources. The victim is required to submit such requests directly to these offices.

ADJUDICATION OF VIOLATIONS OF SEXUAL VIOLENCE AND HARASSMENT

The adjudication of violations of sexual violence and harassment apply to all allegations of Domestic Violence, Dating Violence, Sexual Assault, and Stalking for both students and employees. All proceedings include a prompt, fair, and impartial process from the initial investigation to the final result for all alleged violations. Applicable sanctions for students and employees are listed further below in this section.

Initial Intake and Assessment

When the Equity Grievance Office receives a report alleging a potential violation of the Policy, the Office will promptly contact the Complainant to discuss the availability of Supportive Measures, inform the Complainant of the availability of Supportive Measures with or without the filing of a Formal Complaint, explain to the Complainant the process for filing a Formal Complaint, and consider the Complainant's wishes with respect to Supportive Measures. The Initial Intake & Assessment seeks to gather information only to determine whether the Policy applies to the report and, if so, whether an informal or formal resolution process or the provision of Supportive Measures only is the appropriate response under the Policy.

Filing a Formal Complaint

To file a Formal Complaint, a Complainant must provide the Dir. EG/TIX a written, signed complaint describing the facts alleged. If a Complainant does not wish to make a Formal Complaint, the Dir. EG/TIX may determine a Formal Complaint is necessary, and the Dir. EG/TIX may sign the Complaint. The University will inform the Complainant of this decision in writing, and the Complainant need not participate in the process further but will receive all notices issued under this policy.

Resolving a Formal Complaint

This section describes the two types of resolution processes – alternative and formal. Formal resolution processes include several options for determination or decision-making based on the type of Prohibited Conduct alleged.

Alternative Resolution

Alternative resolution is a voluntary, remedies-based, structured interaction between or among affected parties that balances support and accountability. Alternative resolution is designed to eliminate the Prohibited Conduct, prevent its recurrence, and remedy its effects in a manner that meets the needs of the Complainant while maintaining the safety of the campus community. Alternative Resolution does not involve an investigation and will not result in a determination of whether a policy was violated. A University Decision-Maker will not issue sanctions in the alternative resolution process.

Formal Grievance Process

The formal resolution process includes Notice, Investigation, Evidence Review, Determination, Sanctions (if relevant), and Appeals. The determination process available will depend on the type of Prohibited Conduct alleged.

Notice

Written notice will be sent simultaneously to all Parties. The parties will have sufficient time to read and review the notice of allegations and prepare a response prior to any interviews. The Dir. EG/TIX may also hold an initial meeting with a Respondent. The notice will include, at minimum, the following elements:

- Notice of the allegations potentially constituting Prohibited Conduct, and sufficient details known at the time the notice is issued, such as the identities of the parties involved in the incident, if known, including the Complainant; the conduct allegedly constituting Prohibited Conduct; and the date and location of the alleged incident(s), if known.
- Information about the Alternative Resolution and Formal Resolution Processes, with a link to the full procedures.

- Reference to the specific determination process being used to address the allegations. For determinations without a hearing, the Decision Maker will be identified. If the University assigns a different Decision Maker, an updated notice will be provided to the Parties.
- A statement that the Respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the process.
- A statement that the parties may have an advisor of their choice, who may be, but is not required to be, an attorney.
- A statement that before the conclusion of the investigation, the parties may inspect and review evidence obtained as part of the investigation that is directly related to the allegations raised in the Formal Complaint, including the evidence upon which the institution does not intend to rely in reaching a determination regarding responsibility, and evidence that both tends to prove or disprove the allegations, whether obtained from a party or other source.
- A statement that knowingly making false statements or knowingly submitting false information is prohibited.
- How to challenge participation by the Investigator for bias or conflict of interest – which the Dir. EG/TIX will resolve in their sole discretion.

If in the course of the investigation, the University determines that it will investigate additional allegations of prohibited conduct in covered programs and activities that were not included in the initial notice, additional notice will be sent to the parties, and additional sufficient time for review and response will be provided prior to an interview on those allegations.

Investigation

The University will assign a trained investigator to review the matter, interview witnesses, review evidence, and develop an investigation report. The investigator will conduct an adequate, reliable, and impartial investigation in a reasonably prompt timeframe. As part of this investigation, they will interview witnesses whom they deem necessary and appropriate to determine the facts relevant to the complaint and gather relevant evidence. Members of the University community are expected to provide truthful information in any report, meeting, or proceeding under this Policy.

When a party meets with an investigator, the investigator will ask questions related to the allegations in the Formal Complaint and a party is given the opportunity speak to the allegations and related events. Parties will be provided an opportunity to identify witnesses and to provide evidence that is related to the allegations. The investigator may ask to interview an individual more than once so that they may respond to information gathered, or to provide additional clarity to information that has been provided.

SOU has the burden of proof and the burden of gathering evidence. This burden does not rest with either party, and either party may decide to limit their participation in part or all of the process, or to

decline to participate. This does not shift the burden of proof away from SOU and does not indicate responsibility.

The University aims to complete all investigations within 120 days. This timeframe may be extended as necessary by the Dir. EG/TIX with notice to the parties for reasons including but not limited to accommodation of criminal investigations, ensuring the health or safety of witnesses and other participants, ensuring availability of witnesses and other participants, and ensuring participants have adequate access to hearing materials.

The Investigator will work to gather all relevant evidence. This will include inculpatory evidence (that tends to show it is more likely that someone committed a violation) and exculpatory evidence (that tends to show it less likely that someone committed a violation). All parties must submit any evidence they would like the investigator to consider prior to when the parties' time to inspect and review evidence begins.

Evidence Review

At the conclusion of all interviews and fact-gathering, and when the evidence has been gathered, the Investigator will provide each party and their advisor the opportunity to review all of the evidence gathered that is directly related to the allegation(s) and the preliminary investigation report. This will include both inculpatory and exculpatory evidence and may include evidence that is not relied upon in making a determination, for example evidence that is directly related but not relevant. The purpose of the inspection and review process is to allow each party the equal opportunity to meaningfully respond to the evidence prior to conclusion of the investigation.

Given the sensitive nature of the information provided, SOU will facilitate this review in a secure manner. Neither the parties nor their advisors may copy, remove, photograph, print, image, videotape, record, or in any manner otherwise duplicate or remove the information provided. Any student or employee who fails to abide by this may be subject to discipline. Any Advisor who fails to abide by this may be subject to discipline or may be excluded from further participation in the process.

The parties will have ten days to inspect and review the evidence and preliminary report and submit a written response by email or hard copy to the Investigator. The Investigator will consider the parties' written responses before completing the Investigation Report. The responses may require additional investigation. This shall be the final opportunity to present evidence or suggest witnesses. SOU will provide access to copies of the parties' written responses to the investigator to all parties and their advisors, if any.

Following evidence and preliminary report review, any newly gathered evidence shall be made available to the parties and their advisors for review. The specific amount of time for this second and

final review will be reasonably determined by the Dir. EG/TIX on a case-by-case basis based on the nature and complexity of the newly discovered evidence.

Final Investigation Report

The Investigator will prepare a final report summarizing the relevant evidence. The Final Investigative Report will be sent to the parties, their Advisors, and the Decision-Maker. The Parties will be provided a date by which to submit a written response to the Final Report to the Decision-Maker. Such a response is optional.

No new evidence will be accepted at this time unless, in the sole discretion of the Dir. EG/TIX, relevant evidence becomes available that was unavailable or not reasonably knowable at an earlier stage and which, if not included, could impact the outcome of the matter.

Determination

A hearing will be used for determination in Formal Resolutions of Title IX Prohibited Conduct and also for allegations of Non-Title IX Sexual Misconduct involving a student Respondent. For other Prohibited Conduct under this policy, the Formal Resolution procedures for determination without a hearing will be used.

Determination without a hearing

Determination without a hearing is not available for Title IX Prohibited Conduct, or when the allegations involve a student Respondent and Non-Title IX Sexual Misconduct. The Dir. EG/TIX will appoint a Decision Maker to review the investigation report and to make a determination based on the preponderance of the evidence. If the investigator is going to be the Decision Maker, the Dir. EG/TIX will note this at the outset of the investigation in the Notice of Allegations. The Dir. EG/TIX cannot be the Decision Maker.

After the investigator issues the final investigation report, the Dir. EG/TIX will appoint a Decision-Maker if one has not already been selected. The Dir. EG/TIX will issue notice to both parties that includes the following:

- A description of the alleged violation(s);
- A reference to the applicable policy and policy provisions, with access to the full policy and procedures (including by link).
- The name(s) of the Decision-Maker appointed by the Dir. EG/TIX.
- How to challenge participation by a Decision-Maker for bias or conflict of interest, to be resolved by the Dir. EG/TIX in their sole discretion.

The Decision-Maker will review the final investigation report and the evidence collected to determine responsibility based on the preponderance of the evidence. The Decision Maker will aim to provide

their notice of outcome regarding responsibility to the University within 15 days of receiving the final investigation report. The notice of outcome will include:

- Identification of the allegations potentially constituting Prohibited Conduct;
- A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held;
- Findings of fact supporting the determination;
- Conclusions regarding which section of this policy or other University policy, if any, the Respondent has or has not violated.
- For each allegation, a determination regarding responsibility for an identified policy violation (Prohibited Conduct), with the rationale;
- A statement of, and rationale for, any disciplinary sanctions the recipient imposed on the Respondent; and SOU's appeal procedures and applicable deadlines; and
- How to challenge participation by the Appeal Decision Maker for bias or conflict of interest – which the Dir. EG/TIX will resolve in their sole discretion.

Determination with a hearing

In cases involving Title IX Prohibited Conduct and in Non-Title IX Sexual Misconduct cases where the Respondent is a student, the determination includes a live hearing. All participants shall be subject to SOU's Rules of Decorum.

At least 10 days prior to the hearing, the Dir. EG/TIX will notify the parties in writing. This notice will include:

- The time, date and location of the hearing and a reminder that the parties have a right to attend. If any party does not appear at the scheduled hearing, the hearing will be held in their absence and sanctions may be imposed despite the party's absence.
- A description of the alleged violation(s) and a reference to the applicable policy wherein a party can review the applicable procedures and potential sanctions/responsive actions that could result.
- The names of the Decision-Maker as appointed by the Dir. EG/TIX.
- How to challenge participation by a Decision-Maker for bias or conflict of interest – which the Dir. EG/TIX will resolve in their sole discretion.
- The parties may have an advisor of their choice at the hearing for purpose of conducting cross examination.
- Notice of the date, time, and location of the pre-hearing meeting, if any.

The University will hold a pre-hearing meeting to ensure the parties and their advisors of choice, if any and if they choose to attend, understand the hearing procedures. Such a meeting will typically be held more than one week prior to the hearing.

The hearing may be conducted with all parties together in a video conferencing platform. This technology will enable participants simultaneously to see and hear each other.

A hearing will begin with the Decision-Maker providing opening instructions. Once complete, the Parties can provide an opening statement, which should not exceed five minutes. An advisor is not permitted to provide an opening statement on behalf of their party. Once opening statements have concluded, the Decision-Maker may pose questions to parties and witnesses regarding information deemed relevant by the Decision-Maker, and in an order left to the discretion of the Decision Maker. The Parties or their advisors will have the opportunity to conduct cross-examination of all parties and witnesses, should that party or witness wish to answer cross-examination questions. Once the questioning has concluded, the Parties can provide a closing statement, which should not exceed five minutes.

All Parties have a right to be present at the hearing. Parties may be accompanied in the hearing by an advisor of their choice and must provide the name of their advisor to the Dir. EG/TIX at least three (3) days prior to the hearing. Additional attendees may be permitted at the discretion of the Dir. EG/TIX in connection with approved accommodation.

The University may still proceed with the hearing in the absence of a party or witness(es) and may reach a determination of responsibility in their absence. If a party does not attend the hearing, they are waiving their participation in the hearing. The University will not provide an advisor to appear on behalf of the non-appearing Party. The Decision-Maker cannot draw an inference about the determination regarding responsibility based solely on a party's absence from the live hearing or refusal to answer cross examination or other questions.

As a general rule, no new evidence or witnesses may be submitted during the live hearing. If a party identifies new evidence or witnesses that were not reasonably available during the investigation and could affect the outcome of the matter, the party may request that such evidence or witnesses be considered at the live hearing.

All proceedings will be audio recorded. A transcript or an audio recording will be made available to the parties for inspection and review, at the University's discretion. This will be the sole recording of the hearing; no Party, Advisor, or witness is permitted to record the hearing, or any portion of the hearing. Any unauthorized recording may result in disciplinary action.

The Decision-Maker will deliberate and make a determination about responsibility based on the preponderance of the evidence. The Decision-Maker will prepare a written determination, which they will provide to the Dir. EG/TIX. This determination will be included in a notice of outcome issued simultaneously to all parties. If there are no extenuating circumstances, the determination regarding responsibility will be issued by the University within fifteen (15) days of the completion of the hearing.

The notice of outcome will include:

- Identification of the allegations potentially constituting Prohibited Conduct;
- A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held;
- Findings of fact supporting the determination;
- Conclusions regarding which section of this policy or other University policy, if any, the Respondent has or has not violated.
- For each allegation:
 - A statement of, and rationale for, a determination regarding responsibility;
 - A statement of, and rationale for, any disciplinary sanctions the recipient imposed on the Respondent; and
 - A statement of, and rationale for, whether remedies designed to restore or preserve equal access to SOU's education program or activity will be provided to the Complainant, except that the remedies provided shall not be shared with the Respondent; and
- SOU's procedures and the permitted reasons for the Complainant and Respondent to appeal, including identifying the appeals Decision-Maker.
- How to challenge participation by the Appeal Decision-Maker for bias or conflict of interest – which the Dir. EG/TIX will resolve in their sole discretion.

Sanctions

Sanctions or responsive actions will be determined by the Decision Maker for all non-employee Respondents. For employee Respondents, human resources will determine the appropriate sanctions. Previous disciplinary action of any kind involving the Respondent may be considered in determining an appropriate sanction upon a determination of responsibility. This information is only considered at the sanction stage of the process and is not shared until then. The parties may each submit a written impact statement prior to the hearing for the consideration of the Decision-Maker at the sanction stage of the process (if the process progresses to sanctioning) after a determination of responsibility is reached.

Student Sanctions

The following are the usual sanctions that may be imposed upon students or organizations singly or in combination:

- **Warning:** A formal statement that the behavior was unacceptable and a warning that further infractions of any University policy, procedure or directive will result in more severe sanctions/responsive actions.
- **Probation:** A written reprimand for violation of this policy or the Code of Student Conduct, providing for more severe disciplinary sanctions in the event that the student or organization is found in violation of any University policy, procedure or directive within a specified period of time. Terms of the probation will be specified and may include denial of specified social privileges, exclusion from co-curricular activities, no contact orders or other measures deemed appropriate.
- **Suspension:** Termination of student status for a definite period of time or until specific criteria are met. Students who return from suspension are automatically placed on probation through the remainder of their tenure at the University.
- **Expulsion:** Permanent termination of student status and revocation of rights to be on campus for any reason or attend University-sponsored events. This sanction may be noted on the student's official transcript with an appropriate reference to the policy violated.
- **Withholding Diploma:** The University may withhold a student's diploma for a specified period of time or deny a student participation in commencement activities if the student has a grievance pending, or as a sanction if the student is found responsible for an alleged violation.
- **Organizational Sanctions:** Deactivation, de-recognition and loss of all privileges (including University registration), for a specified period of time.
- **Other Actions:** In addition to or in place of the above sanctions, the University may assign any other sanctions as deemed appropriate, including but not limited to a reflection essay or completion of education modules.

Employee Sanctions

When an employee is found responsible for violating this policy, the matter will be referred to Human Resources for next steps in accordance with university policy and procedures. Following any appeal and issuance of discipline regarding employee-members of the SEIU classified staff and faculty bargaining units, such employees will have the opportunity to grieve tangible employment sanctions to the extent provided by their respective grievance processes.

Appeals

Any party may appeal (1) the dismissal of a formal Complaint or any included allegations or (2) a determination about responsibility and sanctions. The appeal is not a live hearing; it is decided on written submissions only.

Requests for appeal must be submitted in writing to the Dir. EG/TIX within ten (10) days of the delivery of the written finding of the Decision-Maker. The limited grounds for appeal available are as follows:

- A procedural irregularity affected the outcome of the matter;
- A party has evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of this matter;
- The sanctions imposed are substantially disproportionate to the severity of the violation.
- The Dir. EG/TIX, Investigator, or Decision-Maker had an actual conflict of interest or demonstrated bias for or against an individual party, or for or against Complainants or Respondents generally, that affected the outcome of the matter.

If a party appeals, the other party will be notified, in writing, and will then have five (5) days to respond to the appeal or submit their own appeal, if they wish. The Dir. EG/TIX will designate a Decision-Maker to hear timely appeals.

The appellate Decision-Maker will review all appeals and will issue a written determination which will include the findings of each specified ground for appeal along with the rationale for each finding. The outcome of the appeal, including the rationale for the decision, will be provided simultaneously in writing to both parties fifteen (15) business days from the date submissions were due from the parties.

Once the Decision Maker issues its determination, further appeals are not permitted. Employees may only initiate any grievance process available to them pursuant to an applicable collective bargaining agreement after the appeal is final. Such grievances must allege a violation of the collective bargaining agreement and will not be permitted to allow a new hearing on the truth or falsity of any factual allegations or conclusions.

Note Regarding Disclosures to Victims of Violent Crimes and Non-Forcible Sex Offenses

Southern Oregon University will, upon written request, disclose to the survivor of a crime of alleged violence (as that term is defined in section 16 of title 18, United States Code) or a non-forcible sex offense (Incest and Statutory Rape), the report on the results of any student conduct proceeding conducted by Southern Oregon University against a student who is the alleged perpetrator of such crime or offense. If the survivor is deceased as a result of such crime or offense, the next of kin of such survivor shall be treated as the victim for purposes of this paragraph.

Training for University Staff

All University officials involved in the adjudication and investigation process receive annual training on issues related to Domestic Violence, Dating Violence, Sexual Assault and Stalking, as well as how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability. The Director of Equity Grievance/Title IX Coordinator specifically trains team members every year. This training includes an overview of matters related to objectivity and the weighing of evidence as well as bias and conflict of interest. Members are taught to impartially

determine facts while relying solely on the standard of proof and the language of the Equal Opportunity, Harassment, and Sexual Misconduct Policy.

The Equity Grievance Team also participates in yearly training and policy review led by the Director of Equity Grievance/Title IX Coordinator. Additionally, members of the Equity Grievance Team have participated in trainings provided by organizations such as ATIXA (Association of Title IX Administrators) and Grand River Solutions. These trainings have featured a variety of topics including intimate partner violence, informal resolutions, conflicts of interest, advising complainants and respondents, and anticipated changes to Title IX regulations.

ADJUDICATION OF STUDENT CONDUCT VIOLATIONS

Standards of Conduct

Disciplinary sanctions as serious as suspension or dismissal from the University, or dismissal or eviction from University housing, may be imposed against any students found responsible for committing, attempting to commit or intentionally assisting in any of the offenses listed in the Code of Student Conduct and the housing contract.

Prohibited Conduct

The following list describes actions that detract from the effectiveness of a University community and/or which students are subject to disciplinary action. All violations below are also prohibited off-campus and may be adjudicated by the University when the behavior potentially jeopardizes an individual's or the community's safety or educational opportunities. The Code of Student Conduct in its entirety can be found at:

. <https://dos.sou.edu/wp-content/uploads/sites/71/2024/06/SAD.015-Student-Code-of-Conduct-Rights-and-Responsibilities.pdf>

Prohibited conduct includes, but is not limited to, the following violations for the purposes of the Clery Act and VAWA:

1. Academic Misconduct: Each student's education is the product of their own intellectual effort and engagement in a process of critical exchange. Breaches of academic integrity compromise the overall quality of scholarship and detract from the value of the SOU degree. The university must respond to any act of academic misconduct to honor and protect responsible citizenship, both globally and within the university community. Prohibited academic conduct is as follows:

The absence of a student's active participation in the misconduct is an insufficient response to violations of the SOU Code of Student Conduct. 5. Deliberate Acts of Dishonesty: In general, acts of dishonesty are prohibited. Such acts may include, but are not limited to:

Conduct Referrals and Hearing Process

Any person may refer a student or a student group or organization suspected of violating University policy to the Office of the Dean of Students. Persons making such referrals are required to provide information pertinent to the situation and will normally be expected to provide an incident report and written statement and/or appear at a hearing as the complainant. The hearing format for resolution will be selected at the discretion of the Associate Dean or designee.

The Associate Dean or designee may conduct an investigation (or request conduct of an investigation by other University officials) to determine if the allegations have merit and/or if they can be disposed of administratively by mutual consent of the parties involved on a basis acceptable to the Associate Dean or designee. Such disposition shall be final and there shall be no subsequent proceedings. If the charges cannot be disposed of by mutual consent, the Associate Dean or designee will proceed with a hearing.

All allegations of misconduct are presented to the respondent in written form. The notification includes the date or date range, location and description of the prohibited conduct relevant to the alleged violation. A time is set for a hearing, not less than three (3) calendar days and not more than fifteen (15) calendar days after the respondent has been notified. Minimum and maximum time limits for scheduling of hearings may be extended at the discretion of the Associate Dean or designee based on the academic calendar or at the written request of the respondent.

Hearings are conducted according to the following guidelines:

- A. Hearings are conducted in private, unless both the respondent(s) and the complainant(s), and the Associate Dean or designee agree to an open hearing.
- B. Admission of any person to the hearing is at the discretion of the Associate Dean or designee.

- C. In hearings involving more than one respondent, the Associate Dean or designee may permit the hearings concerning each respondent to be conducted separately.
- D. The complainant and the respondent may be accompanied by an advisor. The advisor may not make a presentation or represent the party bringing the complaint or responding student during the hearing. The advisor may confer quietly with their advisee, exchange notes, clarify procedural questions with the chair, and suggest questions to their advisee. The complainant and/or the respondent is responsible for presenting their own information. Comments from advisors may be requested from the Associate Dean or designee facilitating the hearing.
- E. The complainant, the respondent, and the conduct officer/board have the privilege of presenting witnesses, subject to questioning by the conduct officer/board.
- F. Pertinent records, exhibits, and written statements may be accepted for consideration by a conduct officer/board at the discretion of the Associate Dean or designee.
- G. All procedural questions are subject to the final decision of the Associate Dean or designee.
- H. After the hearing, the parties are dismissed and the conduct officer or board (by majority vote) determines whether the respondent is responsible for each alleged policy violation.
- I. The conduct officer/board's determination is made on the basis of whether it is "more likely than not" that the respondent violated the policy(ies).
- J. Not more than ten (10) working days following the hearing, the respondent is notified in writing of the decision and its rationale, including any sanction(s) imposed and the opportunity to appeal the decision.
- K. There is a record of all hearings before a hearing board, consisting of an audio recording and all written documentation including notes taken during the hearing. The record is the property of the University and is maintained in the Office of the Dean of Students.
- L. Except in the case of a student accused of violating the "failure to comply with directives" policy by not appearing before a conduct board or University official, no student may be found to have violated the policy(ies) in question solely because the student failed to appear. In all hearings, the information in support of the allegations is presented and considered. Final decisions are based on the information available.

In decisions of alleged academic misconduct, academic penalties (grades) are imposed only by faculty members (course instructor). Sexual Misconduct Review Hearings are conducted in accordance with guidelines established in the Equal Opportunity, Harassment, and Sexual Misconduct Policy.

Sanctions

A disciplinary sanction is an educational tool designed to send a clear message regarding violation of University policy. Sanctions relate to the nature of the violation, with stronger sanctions imposed for more aggravated or repeated misconduct. Sanctions of probation, suspension and dismissal require the approval of the Associate Dean or designee. All students, as members of the University community, are expected to comply with conduct sanctions within the timeframe specified by the Associate Dean or designee. Failure to follow through on conduct sanctions by the date specified, whether by refusal, neglect or any other reason, may result in additional sanctions up to and including suspension from the University. In such situations, resident students may be required to vacate University housing within 24 hours of notification by the Associate Dean or designee. A suspension will only be lifted when

compliance with conduct sanctions is satisfactorily achieved. This determination will be made by the Associate Dean or designee.

The following sanctions may be imposed when a student is found responsible for policy violation(s):

- A. **Warning:** A notice in writing to the student that the student is violating or has violated University policy.
- B. **Loss of Privileges:** Denial of specified privileges, permanently or for a designated period of time.
- C. **Fines:** Previously established and published fines or special fees may be charged to a student's account.
- D. **Restitution:** Compensation for loss, damage or injury. This may take the form of appropriate service and/or monetary or material replacement.
- E. **Discretionary Sanctions:** Work assignments, censure, research, apology letters, service to the University, or other related discretionary assignments.
- F. **Educational classes to be paid by fee assessed to violator.** Fee may be paid directly or through community restitution.
- G. **University Probation:** A written reprimand which may place the student's participation in University activities in a provisional status. Probation may exclude the student from participation in co-curricular activities in which the student represents the University (e.g., varsity athletics and club sports, elected student office, debate, musical, and dramatic groups). Probation may also serve as an elevated warning where appropriate.
- H. **Residence Hall Suspension:** Separation of the student from the residence halls for a stated period of time, after which the student is eligible to re-apply. Because the University maintains a one-year residency requirement, a residence hall suspension may result in a suspension from the University, if the student has not completed the one-year residency requirement. Conditions for readmission may be specified. The student may be issued a written trespass notice from campus for the duration of the suspension.
- I. **Residence Hall Dismissal:** Permanent separation of the student from the residence halls. The student will be issued a written trespass notice from all residence halls at the time of the expulsion.
- J. **Eviction from University Housing:** Removal from any University owned or operated housing other than the residence halls. The student will be issued a written trespass notice from all University housing at the time of the eviction.
- K. **Unconditional Probation:** Immediate invocation of University suspension if additional violation(s) of University policies occur during a specified period of time. Unconditional probation also includes the provisions of a disciplinary probation.
- L. **University Suspension:** Separation of the student from the University for a specific period of time after which the student is eligible to return. Conditions for readmission may be specified. At the discretion of the Associate Dean or designee, a University trespass order is in effect for the period of the suspension. A suspension may be deferred to the end of a term at the discretion of the Associate Dean or designee.
- M. **University Dismissal:** Permanent separation of the student from the University

- N. The following sanctions may be imposed upon groups or organizations:
 - a. Those sanctions listed above as applicable.
 - b. Deactivation: Loss of all privileges, including university recognition, for a specified period.
- O. Interim Sanctions or Interim Measures: Interim sanctions and measures may be imposed at the discretion of the Associate Dean. Interim sanctions and measures are not attributions of responsibility, but are placed in order to create conditions to allow for investigation and adjudication.
 - a. Interim Suspension - In certain circumstances, the Associate Dean may impose a university or residence hall suspension prior to the hearing. Interim suspension may be imposed only:
 - i. to ensure the safety and well-being of members of the university community or preservation of university property; and/or
 - ii. to ensure the student's own physical or emotional safety and well-being; and/or
 - iii. if the student poses a definite threat of disruption of or interference with the normal operations of the university.
 - b. During the interim suspension, the student is denied access to the campus (including classes) and all other university activities or privileges for which the student might otherwise be eligible, as the Associate Dean may determine to be appropriate.
 - c. Administrative Restriction – In certain circumstances, the Associate Dean may impose an administrative restriction from all of campus or specific buildings or areas on campus.
 - d. Order of No Contact – This is a means of creating space between two or more people in order to allow the investigation or adjudication process to proceed.

More than one of the sanctions listed above may be imposed for any single violation. Other than University dismissal, disciplinary sanctions are not made part of the student's permanent academic record but are part of the student's confidential disciplinary record. Where sanctions involve the separation of the responsible student from University housing, the student is accountable for all financial penalties or other conditions as outlined in the residential housing contract.

Appeals

A decision may be appealed within ten (10) working days of the date of the decision letter to the Dean of Students or designee. Such appeals must be in writing and must be delivered by mail or email.

An appeal is limited to one or more of the following purposes:

- A. To determine whether the original hearing was conducted fairly in light of the allegations and information presented and in conformity with the procedures outlined in the Code of Student Conduct.

- B. To determine whether the decision reached regarding the respondent was based on facts sufficient to establish that a violation of University policy occurred using a preponderance standard, which is a more likely than not standard.
- C. To determine whether the sanction(s) imposed were appropriate for the violation(s) for which a responsible determination was made.
- D. To consider new information, sufficient to alter a decision, or other relevant facts not brought out in the original hearing, because such information and/or facts were not known to the person appealing at the time of the original hearing

If an appeal is granted, this written decision will be communicated to the original conduct officer/board for action, if appropriate. In cases of sexual misconduct, the complainant or victim will be notified of the decision and pertinent sanctions and may appeal the decision and sanctions according to the standard outlined above.

Student Groups and Organizations

Student groups and organizations may be charged with violations of University policy. A student group or organization and its officers may be held collectively or individually responsible when violations of policy by those associated with the group or organization have received the tacit or overt consent or encouragement of the group or organization or of the group's or organization's leaders, officers or spokespersons.

The student officers or leaders or any identifiable spokespersons for a student group or organization may be directed by the Associate Dean or designee to take action to prevent or end violations by the group or organization.

Failure to make reasonable efforts to comply with any resulting directives shall be considered a violation of University policy, both by the officers, leaders or spokespersons for the group or organization and by the group or organization itself.

Parent and Guardian Notification

A fundamental goal of the University is to support students' independence and maturity, in part by encouraging them to assume responsibility for their own educational and personal matters. The University also encourages students and parents or guardians to communicate directly, regularly and openly with each other about issues of mutual concern.

Under laws and policies that govern the privacy rights of students, SOU has the authority and reserves the right to contact parents or guardians of dependent students about a variety of serious matters and the parents or guardians of all students in certain emergencies regarding imminent serious injury or life or death situations.

Parental or guardian notification may occur under the following circumstances, but is not limited to:

- i. Hospital visits for alcohol poisoning or drug overdose;
- ii. Behavior or circumstances which put the student at an imminent safety risk, including repeated or alarming levels of prohibited substance abuse;

- iii. Serious mental health concerns.

BYSTANDER INTERVENTION

General

SOU prohibits all forms of sexual harassment and sexual violence, which include, but are not limited to, the offenses of sexual assault, dating violence, domestic violence, and stalking. University officials respond swiftly to all reports of these incidents to provide support services for those who have experienced sexual or relationship violence or stalking; protect the rights of all students under Title IX and Clery obligations; apply the Code of Student Conduct; and cooperate fully with law enforcement.

Sexual violence affects everyone: individuals, families, communities, and the larger society. While some forms of sexual violence might not be illegal, such as sexist and sexually violent jokes, catcalling, sexually explicit comments, vulgar gestures, and comments about someone's appearance, sexual orientation, or gender identity, their legality does not make them any less threatening or harmful to the person victimized. All of these behaviors contribute to a culture that accepts sexual violence. Bystanders can speak up when they witness these actions in order to promote safety, respectful relationships and safer communities.

Research has shown that, on the average, third parties (individuals who are neither the victims nor the perpetrators of violence) prevented injuries in 1.2 million violence victimizations annually between 1993 and 1999 (Planty, 2002). The term "bystander" is used to describe these third parties. An engaged bystander is someone who intervenes before, during, or after a situation when they see or hear behaviors that promote sexual violence.

What is Bystander Intervention?

Bystander intervention is the use of safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault, or stalking. Bystander intervention includes recognizing situations of potential harm, understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options, and taking action to intervene. There are several safe and effective options that a person can employ to intervene and stop inappropriate and potentially criminal behavior, including creating a distraction by using appropriate humor or interjecting in a conversation, directly confronting the potential perpetrator, or enlisting others to help intervene when you sense that someone may be at risk of harm. If you see or suspect that a crime has or is about to occur, seek help or call the police.

Bystander intervention includes recognizing situations of potential harm and understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options and taking actions to intervene. Risk reduction are options designed to decrease perpetration and bystander inaction, and to increase empowerment for victims in order to promote safety and to help individuals and communities address conditions that facilitate violence.

Individual preventive measures are risk reduction behaviors designed to decrease perpetration and bystander inaction and to increase empowerment for those who may be at risk. These measures promote safety and help individuals and communities address conditions that may facilitate violence. For instance, consider strategies for safety and accountability when planning activities or attending events with friends. Establish an agreement that no one will attempt to intimately engage with someone who may have over-consumed alcohol or other substances. If there is a possibility that you might be separated, agree to periodically check in with each other either in person or via text message. You can also agree to not leave the event until everyone is accounted for and safe, and that everyone will either leave together or continue to check in on anyone who remains at the event. If you become uncomfortable with a situation or the people involved, trust your instincts and take action, or get help to increase your sense of safety and empowerment.

COVID-19

The Jeanne Clery Act that mandates the creation of this Annual Security and Fire Safety Report is principally concerned with the issues that most impact the health and safety of the nation's college-going population. It addresses incidents of crime and fire safety, and its presence in the daily lives of students everywhere.

The University's COVID-19 Vaccination policy was suspended on June 13, 2023.

2024: Annual Fire Safety Report

FIRE SAFETY REPORT

Campus Fire Safety Act

These annual fire safety statistics are provided in compliance with the Higher Education Opportunity Act of 2008. Information is reviewed and updated on an annual basis. This Fire Safety Report is only for the Ashland, OR campus. The Higher Education Center Medford, OR campus does not have residence halls, therefore, a Fire Safety Report is not required.

Procedure to which Students and Employees Should Report that a Fire Occurred

If a fire occurs in any Southern Oregon University building, the campus community member should immediately call 9-1-1. When calling, please provide as much information as possible about the location and possible cause of the fire.

If a member of the Southern Oregon University campus community finds evidence of a fire that has been extinguished, and the person is not sure whether Campus Public Safety has already responded, the campus community member should immediately notify Campus Public Safety, by calling 541-552-6911, to investigate and document the incident. This also ensures the inclusion of such a fire in the statistics of the Annual Fire Safety Report.

A daily fire log is available for review at Campus Public Safety, 382 Wightman Street, Ashland, OR 97520. The fire log includes information about fires that occur in residential facilities including the nature, date, time and general location. A fire is defined as “any instance of open flame or other burning in a place not intended to contain the burning or in an uncontrolled manner.”

Fire Safety at SOU

The annual fire safety report is made available as part of the University’s commitment to safety and security on campus. This report contains information about University fire safety and is prepared in cooperation with University Housing, Campus Public Safety and the Office of Environmental Health and Safety.

All student housing on campus is equipped with fire extinguishers for fire safety protection. Fire drills/evacuations are conducted each term for all residence halls. Open flames are prohibited in residence halls and portable electrical appliances must be UL approved.

Resident Assistants and Area Coordinators are trained on fire safety annually. The procedure for evacuation for all student housing buildings is to proceed to the nearest fire exit and assemble in the nearest safe area. A count is taken and recorded.

The Higher Education Opportunity Act requires SOU to maintain a fire incident log, annually publish a fire safety report, and report fire statistics annually. The fire log includes the case number for the

incident, the date it took place, the location of the fire, the time of the incident, the type of incident (e.g., accidental, arson, etc.), and the incident description (a brief summary of the incident).

Plans for Future Improvement in Fire Safety

Southern Oregon University continues to adapt and conform with current fire safety protocols when remodeling and updating buildings on campus. Current plans exist for the remodeling of Central Hall and the demolition of Cascade Complex.

FIRE EMERGENCY GUIDE: RESIDENCE HALLS

Fire Extinguishers

All SOU buildings are equipped with portable fire extinguishers. These extinguishers may be used to put out an incipient fire. An incipient fire is defined as “a fire in its initial stage and is no larger than a trash can fire.” Anyone attempting to extinguish a fire should remember the PASS system. Even after extinguishing a fire, call 9-1-1 as soon as it is safe to do so. Only Ashland Fire and Rescue can determine that a fire has been put out entirely.

- Pull the pin from the handle.
- Aim the nozzle at the base of the fire.
- Squeeze the handle to activate the extinguisher.
- Sweep the nozzle from side to side at the base of the flame until the fire is out.

Fires are classified into four types: A – ordinary combustibles, B – flammable liquids, C – electrical and D – flammable metals. Fire extinguishers are grouped into five classes (A, B, C, D and K), each of which extinguishes a specific type of fire:

Class A Extinguishers will put out fires in ordinary combustibles, such as wood and paper.

Class B Extinguishers should be used on fires involving flammable liquids, such as grease, gasoline, oil, etc.

Class C Extinguishers are suitable for use on electrically energized fires.

Class D Extinguishers are designed for use on flammable metals.

Class K Extinguishers are specific for kitchen fires involving burning oil or grease.

Response to Fire and/or Alarms

If you discover or suspect there is a fire, pull the nearest fire alarm and exit the building. Make an attempt to warn others as you leave. On exiting the building, occupants shall proceed to the nearest safe area away from the building. Contact the Fire Department at 9-1-1 and do not re-enter the building until Fire Department or Campus Public Safety personnel give permission. The silencing of a fire alarm does not mean it is safe to return to a building.

Fire Safety Drills, Education and Training

Residence hall students will not tamper with, play with, intentionally or accidentally damage fire safety equipment. This includes pull stations, smoke detectors, sprinklers, fire extinguishers, AED's, and/or

fire alarms, or in any way impede the equipment from functioning properly. Doing so will result in disciplinary action that could include removal from University Housing and assessed fines.

Fire safety equipment is inspected annually and fire extinguishers are inspected monthly by SOU's Manager of Environmental Health and Safety (ehs@sou.edu or (541) 552-8624). Residence hall students should report equipment malfunctions to the SOU Facilities Department (541) 552-6231) or SOU Housing (housing@sou.edu or (541) 552-6371).

Residence hall students must also evacuate the building in a reasonable and timely manner during the sounding of a fire alarm. Failure to evacuate a residential or dining facility under a general alarm or whenever directed to do so by a University official (including, but not limited to University Housing student staff, University Housing professional staff, or Campus Public Safety), a law enforcement officer, fire department personnel, or other authority is prohibited and may result in student conduct action and/or a possible fine from the Ashland Fire Department.

Evacuation drills are coordinated by University Housing and the Manager of Environmental Health and Safety at least once each term for all of the residence halls to ensure all residents are familiar with the alarm and evacuation procedures. Thus, the emergency response and evacuation procedures are tested at least three times each year and, for some of the buildings, four times a year. Students learn the locations of the emergency exits in the buildings and are provided guidance about the direction they should travel when exiting each facility for a building evacuation. Southern Oregon University staff on the scene will communicate information to students regarding the developing situation or any evacuation status changes.

The purpose of evacuation drills is to prepare building occupants for an organized evacuation in case of a fire or other emergency. At Southern Oregon University, evacuation drills are used as a way to educate and train occupants on fire safety issues specific to their building. Emergency procedures, including evacuation routes, are posted on the back of every residence hall room door.

During the drill, occupants 'practice' drill procedures and familiarize themselves with the location of exits and the sound of the fire alarm. In addition to educating the occupants of each building about the evacuation procedures during the drills, the process also provides the University an opportunity to test the operation of fire alarm system components.

Evacuation drills are monitored by Campus Public Safety and University Housing staff to evaluate egress and behavioral patterns. Recommendations for improvements are also submitted to the appropriate departments/offices for consideration.

Students receive information about evacuation procedures and expectations from their Resident Assistant at the beginning of the academic year. Students also receive information in a newsletter regarding health and safety checks that include fire safety protocols. The residence hall staff members, including Resident Assistants, are trained in these procedures as well and act as ongoing resources for

the students living in residential facilities. Resident Assistants receive an extensive annual training program in September and also revisit procedural topics during monthly meetings. In addition, other policies have been implemented to ensure the safety of all who live on campus. The following is verbiage relating to fire/hazards within the housing contract, which is signed by residents upon move in: “The University regards room entry for purposes of improvements, maintenance, cleaning, and recovery of unauthorized university-owned property, and fire and safety as necessary for the health and general welfare of all residents. Therefore, entry is agreed to and authorized by the resident.”

Residence Hall staff and Resident Assistants are trained to follow the following procedures

If you see a fire:

1. Immediately pull the nearest fire alarm pull station.
2. Call 9-1-1.
3. If the fire is small and controllable, attempt to put it out, but do not endanger yourself. Don't forget to use the PASS system (mentioned above) when using a fire extinguisher.
4. If you cannot put out the fire with one fire extinguisher, leave the building, knocking on doors, yelling for students to leave and evacuating students on your way out.
5. Call the on-call professional housing staff.
6. Follow the evacuation procedure developed for your hall(s).
7. Make certain that students/guests are far enough away from the building to be safe and not in the parking lot or street when an emergency vehicle might be coming.
8. Inform Ashland Fire and Rescue if you believe any students are still in the building and in danger or if you have any students with mobility concerns.

If the fire alarm goes off:

1. Call 9-1-1
2. Evacuate the building, instructing residents to leave on your way out.
3. Call the on-call professional housing staff.
4. Follow the evacuation procedure developed for your hall(s).
5. Make certain that students/guests are far enough away from the building to be safe and not in the parking lot or street where an emergency vehicle might be coming.
6. Inform Ashland Fire and Rescue if you believe any students are still in the building and in danger or if you have any students with mobility concerns.

After fire emergency is over:

1. Notify professional housing staff.
2. Submit an incident report documenting what happened in detail.

Prohibited Items in Residence Halls

The following items or activities are prohibited in SOU Residence Halls.

- i. Residents are prohibited from the use of any open flame device, including but not limited to lighters, candles, hookah, and/or incense, and any of these are prohibited in or around any University-owned residential or dining facility.
- ii. Residents should not possess a candle(s) that has a burnt wick and/or shows signs of use.
- iii. Residents should not possess any multi-tap and/or extension cords without including *ALL* of the following qualities: insulated (thick) cord; circuit protection with breaker-switch; grounded (3-pronged) plug-in.
- iv. Residents should not hang anything from the ceiling, including from the ceiling tiles, sprinklers, smoke detectors, and/or fire alarms.
- v. Residents should not store or hang combustibles (e.g. paper, fabric, etc.) in a way that:
 1. Blocks a sprinkler (if applicable),
 2. Blocks a fire escape egress, such as over a door or window,
 3. Stored within eighteen (18) inches of the ceiling.
- vi. Residents will not possess, store, and/or use the following in the residence halls:
 1. Any open-coil cooking device, including but not limited to coffee-makers, rice cookers, toasters, electric skillets, crockpots, air fryers, and/or popcorn makers.
 2. Electric blanket without a built-in auto-shutoff feature
 3. Heating pad without a built-in auto-shutoff feature
 4. Any space-heater
 5. Fireworks of any kind
 6. Explosives or incendiary materials of any kind
 7. Halogen lamps
 8. E-cigarettes/Vapes
 9. Lava Lamps

All spaces, including resident rooms, balconies, and entryways, within University Housing are designated nonsmoking areas. Violations of this policy may result in disciplinary action as outlined in the University Handbook and Community Standards and Housing Policies.

Fire Evacuation Locations for Residence Halls

Greensprings: All Greensprings students are to evacuate to the quad between Shasta & McLoughlin. Students must be clear of the pedestrian pathways at all times to not impair emergency vehicle access.

Shasta: All Shasta students are to evacuate through the three stairwells to the grass area past the Shasta parking lot along Ashland Street. Students and/or staff are to not use the elevator to exit the building during a fire alarm.

McLoughlin: All McLoughlin students are to evacuate through the three stairwells to the grass area past the Shasta parking lot along Ashland Street. Students and/or staff are to not use the elevator to exit the building during a fire alarm.

The Dining Commons (The Hawk and The Landing): All guests are to evacuate to the courtyard between Shasta and McLoughlin. Students must be clear of the pedestrian pathways at all times to not impair emergency vehicle access.

Madrone: All Madrone students will evacuate out the two primary exits. The first exit used is the front door facing Susanne Homes Hall. Students using this exit will gather down the stairs on the sidewalk on the corner of Indiana Street and Madrone Street. The second exits will be the back doors on the first and second floor. Students using this exit will gather at the back end of the Madrone parking lot. Students and/or staff are to not use the elevator to exit the building during a fire alarm.

Cox Hall: All guests are to evacuate through the nearest safe exit and continue to Cox Hall Lawn.

Cascade Complex (Aspen, Baker & Cedar Hall): All guests are to evacuate through the nearest safe exit and continue to the Cox Hall Lawn.

Fire Emergency Guide: Student Apartments and Family Housing

Residents of student apartments and family housing are given physical copies of the following evacuation plans upon move in to inform residents of the fire safety features of their buildings. In the event of a fire emergency inside:

- Leave your apartment immediately
- Call 9-1-1

- Once outside, go to the designated meeting place
- Do not return to the building until the fire department has said it is safe to re-enter.

The apartment buildings are equipped with fire safety equipment and tools which will help to protect our community members and facilities.

Smoke Alarms

Each apartment is equipped with smoke alarms. The smoke alarms are powered either by electricity with battery backup or non-electric with a 10-year battery as the sole power. In order to make sure the smoke alarm works when it is needed, we ask our tenants to do the following:

- Test the smoke alarm monthly
- Change the smoke alarm battery annually (unless equipped with 10-year battery)
- Never remove or disable the smoke alarm

Portable Fire Extinguishers

Each apartment building has been equipped with a fire extinguisher. These extinguishers can be used by residents to put out a small fire if safe to do so. We ask our tenants to please familiarize themselves with the location of fire extinguishers in the event they need to use one. We expect them to not jeopardize their safety or the safety of others by attempting to put out a fire that is more than one fire extinguisher can extinguish. A trash can or stove top fire may be within the scope of one fire extinguisher. If a skillet or pan catches fire, the quickest way to extinguish it is putting a lid on it, if safe to do so.

Some apartments are equipped with sprinkler systems. These are designed to give residents time to escape. Student Apartments and Family Housing do not have fire alarm systems.

Student Apartments and Family Housing Emergency Evacuation Assembly Areas

In the event of the need to evacuate for any emergency, including fire, earthquake, or other natural or human caused reason, tenants and occupants should proceed to the common lawn area of each section, if safe to do so. Tenants and occupants should not gather in parking lots, as it may impede the response from emergency crews. If it is not safe to proceed to the common lawn areas, tenants and occupants should stay as near the front of their apartment building as possible, if safe to do so. This will make it much easier to account for our residents during an emergency.
